Court Upsets California Law

Required Non-Red Oaths to Obtain Tax Exemptions

Washington —A— The supreme court Monday barred enforcement of a California law requiring non-Communist oaths to obtain tax exemptions.

The court said California's present procedure violates the due process clause of the fourteenth amendment by placing the burden of proof upon taxpayers.

The effect is to let the law stand, but to bar its enforcement unless California changes its procedures to put on the state the burden of showing disqualification for tax exemption.

Ruling on 2 Appeals
The court's vote was 7-1. Justice Brennan delivered two majority opinions, and Justice Clark wrote two dissents. Chief Justice Warren dissented.

The court ruled on two appeals. One involved a California requirement for a loyalty oath by church officials who wished to obtain tax exemption for their edifices.

The other appeal was filed by two war veterans who challenged California's refusal to give them standard veterans' property tax exemptions because they refused to sign loyalty oaths.

A 1952 amendment of the California constitution says no person who advocates forceful overthrow of state or federal government, or who advocates support of a foreign government in event of war, may receive any exemption from state, county, city or other local tax.

A 1953 law enforced the amendment by setting up the loyalty oath requirement. It applied to all individuals and non-profit organizations claiming tax exemption.

Ike Gets Bill to Relax Secrecy
Washington —A— Sen. A. Lee Bumpass today introduced legislation to ease the restrictions on the release of information from the files of the Federal Bureau of Investigation (FBI) and the Central Intelligence Agency (CIA).

The measure, embodying the greatest relaxation of American atomic secrecy requirements since the 1946 McMahon act, permits free exchange of both weapons information and materials with this country's allies.

Cuban Rebels Seize 2 More As Hostages

All Kidnapings Seen As Attempt to Draw Attention to Revolt

BY GEORGE KAUFMAN

Havana —A— Rebels struck again today in their bold campaign of kidnaping Americans and other foreigners, seizing two plant officials in eastern Cuba.

The new stroke was announced by the U.S. embassy as U.S. consul Park Wollam negotiated with the rebels in the mountains for the release of 39 other kidnaped Americans and 2 Canadians.

Sherman Avery White, general manager of the big U.S.-built Nicaro nickel plant, and his assistant, J. Andrew Poll, were carried off by a band of eight rebels.

Time Not Set
The swift seizure by rebels who left no trace was of the same pattern as the previous abductions last week. All are believed designed to draw attention to rebel leader Fidel Castro's sputtering revolt against President Fulgencio Batista.

U.S. embassy sources said Wollam still was in contact with the rebels in the mountains or Oriente province but there was no indication when the men would be released. They included 10 U.S. and 2 Canadian engineers, the first to be seized in the new campaign.

Of those held, 28 are U.S. servicemen who disappeared over the weekend, 27 of them on an overnight picnic excursion from the U.S. Navy base at Guantanamo. The other man

Russians to Attend Talks

Scientists Go to Geneva for Opening Meeting Tomorrow

Geneva —A— Soviet atomic experts erased the last doubts today, saying they will attend the east-west technical conference on atomic controls opening tomorrow.

Prof. Yevgeni K. Fedorov, head of the Soviet delegation, conferred with Dr. James B. Fisk, head of the U. S. delegation, on arrangements for the session.

Members of the Soviet delegation repeatedly assured reporters they intended to take part in the meeting.

A remark by Pavel Shakhov, secretary of the Soviet delegation, which arrived last night, went a long way toward clearing up doubts about Soviet participation.

On a visit to the U.N. European headquarters here, Shakhov was asked if the Russians intended to take part in the talks.

"It seems obvious," he replied. "We would not be here if there were no conference."

U. S. Asks Russia to Free 9 Fliers Forced Down in Soviet Armenia

BY ROY ESSOYAN

Moscow —A— U. S. Ambassador Llewellyn E. Thompson, Jr. today asked the Soviet foreign ministry for the immediate release of nine American airmen forced down inside Soviet Armenia.

Thompson was ordered from Washington to transmit his government's denial of Russian charges that the plane, an unarmed DC 6A air force transport, had deliberately trespassed into the Soviet air space.

The U.S. defense department suggested that the aircraft was flying above an overcast on instruments and strayed off course.

Would Visit Captives
The ambassador also was expected to request that embassy representatives be permitted to visit the detained airmen.

The Russians previously reported that the plane, forced down Friday by two Russian jets, burned on landing but that the six officers and three airmen aboard were unharmed.

and are being well cared for. Presumably the Americans set the plane afire to keep the Russians from getting its classified equipment.

They are the second group of nine American military personnel held by the communists. The East German reds have been holding nine U.S. intruding plane to make a storm June 7 and ran out of gas over East Germany. The United States has been trying to get the Soviets to secure release of the army men, but the Russians say it's a matter for negotiations between the United States and the East German regime.

On Regular Route
"Nine members of the crew who jumped out of the plane were detained," the U.S. defense department said. The plane was traveling the regular international civil airway route which passes within about 50 miles of the Soviet border.

The plane was en route from Wiesbaden, Germany, to Tehran, Iran, carrying cargo for U. S. military and diplomatic missions in Iran and Pakistan. The Russians gave this version of the incident.

The plane was picked up by Soviet radar as it flew 105 miles inside Armenia. Two jet points.

Boy, 13, Drowns in City Pool; Brother Saved by Lifeguard

Slipped While Wading Between Shallow, Deep Section at Gate

A 13-year-old boy drowned and his 14-year-old brother narrowly escaped drowning Saturday afternoon at Erb park swimming pool. Neither could swim.

George E. Reinke, Jr., son

George Reinke, Jr.

of Mr. and Mrs. George Reinke, Sr., 1219 S. Kernan avenue, was pronounced dead after an Appleton fire department rescue squad's efforts to revive him failed. Outagamie County Coroner Bernard H. Kemps ruled the boy drowned accidentally.

His brother, Jerome, was revived and taken to Appleton Memorial hospital by Larry's ambulance. He was treated for shock and held at the hospital overnight.

Witnesses told Kemps both boys were wading near the only entrance to the deep water section of the pool when they apparently went through the gate. There is about an 18-inch level portion of 4-foot water past the gate, then the bottom slopes rapidly for six feet to a depth of 9 feet, 6 inches.

Tax Measure Given President's Approval

Washington —A— President Eisenhower's signature today revealed the half billion dollar a year federal tax on freight shipments.

It was the lone tax cut in a bill continuing for another year the Korean war increases in corporation income taxes and in excises on new autos, car accessories, liquor and cigars.

Skin-Diver Spears Friend to Death in Underwater Accident

Corpus Christi, Texas —A— A boyhood friend speared Joe Blutworth, Jr., to death in an underwater skin-diving accident yesterday. Kenneth Clayburne, the man with the weapon, said he thought Blutworth was a fish.

Blutworth, 22, was skin-diving with six other friends in deep water off an oil well rig seven miles south of Port Aransas, Texas.

He and Clayburne, 23, San Antonio, Texas, dived for fish together. Clayburne said he lost sight of Blutworth at a depth of 65 feet and came up to the surface. He couldn't see Blutworth, and said he assumed Blutworth was chasing fish in another part of the water.

Clayburne dived back down to about 30 feet and shot with his spear gun at what he thought was a fish. The arrow hit Blutworth in the head.

Clayburne pulled on the string attached to the arrow, discovered that he had hit Blutworth and immediately surfaced with the victim. Blutworth died in a boat as he was rushed to a coast guard cutter.

Clayburne was treated for shock by Port Aransas doctors and put under sedatives.

Milwaukeean Dies After Calumet Crash

Mrs. Robert Fluhr, 29, Passenger in Car That Hit Steel Utility Tower

Mrs. Robert Fluhr, 29, Milwaukee, who died at 12:40 this morning in Chilton of injuries suffered in a traffic accident, became the second Calumet county highway victim of the year and the 335th in the state. A year ago there were 368 traffic deaths in the state.

She was a passenger in a car driven by her husband. About three miles south of Chilton on Highway 57, driving in heavy rain, Fluhr pulled onto the right shoulder to avoid a possible collision with an approaching car that did not dim its lights, according to the county traffic patrol.

Fluhr said in pulling back off the shoulder he lost control of the car, which swerved into a south-bound parked car, apparently abandoned because of mechanical failure.

Hit Utility Pole
The car glanced off the parked vehicle, jumped the ditch and crashed into a steel utility pole. Fluhr received minor injuries and was not hospitalized.

Mrs. Fluhr was taken to Calumet Memorial hospital in the Pfeffer ambulance and was pronounced dead on arrival. Besides her husband, she is survived by three children ranging in age from 7 months to 8 years. The Pfeffer funeral home is making funeral arrangements.

A collision in Racine county Sunday killed three of five Racine widows who were motorists.

Severe Storms May Hit North Wisconsin

Kansas City —A— A severe weather forecast was issued today for parts of central Minnesota and northern Wisconsin.

The weather bureau said thunderstorms now in central Minnesota are expected to move eastward this afternoon into Wisconsin with severe thunderstorms and a tornado or two likely from noon to 6 p.m. along and 60 miles either side of a line from Alexandria, Minn., to Eau Claire, Wis., to Green Bay, Wis.

The bureau said funnel clouds aloft have been reported in the vicinity of Crosby, Minn.

"Similar gangland meetings, known to authorities, have been held in Cleveland, Ohio, and on the Florida keys. There is no telling how many other meetings, in other parts of the country, have been undetected by authorities."

He gave no dates or details of the Cleveland and Florida meetings.

Crime Called Economy Peril
McClellan Charges Hidden Syndicate Is Active in Nation

Washington —A— Sen. John L. McClellan (D-Ark) charged today that the nation's economic destiny is imperilled by "a close-knit, clandestine criminal syndicate."

With that statement, McClellan launched a wide-scale investigation by his senate rackety committee. The aim, he said, is to show that a powerful underworld syndicate, sometimes known as the Mafia, is fattening off helpless businesses and labor unions.

"The ramifications of this problem present the gravest implications for the destiny of our national economy," McClellan said.

Will Call Leaders
"We propose to probe deep into the ramifications of this problem."

"We are going to call in some of the leading figures in the national criminal hierarchy. These people are all involved in legitimate enterprises, management and labor."

He pictured the syndicate as a group which even holds conventions for presumed nefarious purposes. He pointed to the mysterious gathering of gangsters the police broke up at Apalachin, N.Y., last fall, and said:

Hints at Attempt to Conquer Formosa in Assailing U. S. Position

Hong Kong —A— Red China demanded today that the United States resume ambassadorial talks in Geneva within 15 days, coupling it with a threat, against Formosa.

The talks were halted last Dec. 12 when U. S. Ambassador Alexis Johnson and red China Ambassador Wang Ping-nan held their seventy-third meeting and adjourned indefinitely.

The talks were begun in 1955 to negotiate the release of about 40 Americans imprisoned in red China. Most of the Americans have been freed and the talks turned to other issues between the two countries.

Peiping radio broadcast the demand for resumption of

talks, but insisted the red regime did not care whether negotiations were resumed. "The Chinese people are by no means afraid of U. S. aggression and there is no reason whatever that they should be pining for talks with the United States," Peiping said.

"Building socialism with lightning speed, the Chinese people are perfectly strong enough to liberate their territory of Taiwan (Formosa). No force on earth can stop the great cause of the Chinese people."

The U. S. 7th fleet guards Formosa. Chinese nationalist stronghold, from invasion.

Wants Ambassador Present
"The reason why China agreed to hold the ambassadorial talks was to try to eliminate by peaceful means the armed aggression and threat of force in the Taiwan area on the part of the United States," the Peiping broadcast said.

Peiping said the stumbling block in the resumption of the talks was U. S. insistence on keeping the Geneva meetings on a low level. China wanted a full U. S. ambassador at the sessions.

After the talks recessed, Johnson was assigned to another post and Edwin W. Martin, first secretary of the U.S. embassy in London, was made the temporary U.S. representative.

"The Chinese government hereby declares once again that it can neither agree to the unilateral changing of the level of the Chinese-American ambassadorial talks nor can it agree to the continued suspension of the talks by whatever administrative reason," the statement noted.

"The Chinese government demands that the U. S. government designate a representative of ambassadorial rank and resume talks within 15 days, counting from today. Otherwise, the Chinese government cannot but consider that the United States has decided to break up the Chinese-American ambassadorial talks."

Subjects Not Mentioned
The two chiefs of government held their discussions at De Gaulle's office. British Foreign Secretary Selwyn Lloyd and French Foreign Minister Maurice Couve de Murville met at the foreign ministry.

The De Gaulle-Macmillan communique did not mention specific subjects discussed.

Informed sources said, however, the two leaders were far apart on De Gaulle's plan to make France an atomic power or two likely from noon to 6 p.m. along and 60 miles either side of a line from Alexandria, Egypt to Eilat, Jordan.

A diplomatic spokesman said the British listened to France's bid for more support in gaining aloft have been reported in the vicinity of Crosby, Minn.

The British position resulted.

Proposal for Park Receives Support

Washington —A— A proposal by Rep. Henry S. Reuss (D-Wis) to create a 500-mile long meandering national park in Wisconsin covering the range of glacial moraines has the backing of the National park service.

Director Conrad L. Wirth describes the proposal as "admirable, broad and imaginative." Moraines are stones, earth and other material deposited by a glacier.

"We believe, as you do," Wirth said in a letter made public today by Reuss, "that the proposal warrants careful and serious consideration to determine the national significance, suitability, possible extent and feasibility of the area for national park purposes."

"Seldom do park proposals inspire us to such lengthy commentary, especially before field study. This one, however, seems particularly apt."

New Fiscal Year to Carry Uncle Sam Deeper in Debt

Red Ink Spending Caused by 1958 Recession, Sputnik Menace Might Create Deficit of \$11 Billion

Washington — For Uncle Sam, tonight is New Year's eve. He won't be celebrating, though, because the new fiscal year will carry him deeper into debt than ever before.

Red ink spending caused by the business recession and the Russian scientific - military menace threatens a fiscal 1959 deficit of about \$11 billion - possibly closer to 12 billion.

At no time since World War II - not even during the Korean war - have the government's

accounts been out of balance by such a wide margin.

Even if the fiscal 1959 deficit falls shy of present guesses - and some experts believe it will - the national debt is sure to push past its December 1955 record high of \$280,821,000,000.

Boost Ceiling
The legal debt limit now is \$280 billion, but the Eisenhower administration soon will ask congress to boost that ceiling.

The 1958 bookkeeping year which ends today also will be marred by a hefty deficit. High administration officials predict that final figures for fiscal 1958 will show that spending topped income by \$2½ billion to \$3 billion.

The exact size of the 1958 deficit, which comes after two straight years of balanced budgets, won't be known for a couple of weeks. Officials said fluctuations in revenue and spending in the final hours of the fiscal year could make a difference of several hundred million dollars.

To cope with mounting debt management problems, the administration will ask congress to hike the debt limit, probably by about \$10 billion.

Officials indicated today the request may not be made for about a month, so the administration can take into account whatever spending plans congress makes in the closing weeks of its current election year session.

No Immediate Pressure
There is no immediate pressure against the debt ceiling, but it will build up fast in the coming weeks. The latest figures, as of the middle of last week, showed the national debt at close to \$276 billion. The government then had a cash balance of about \$10 billion, a seasonal bulge that will be reduced steadily.

Secretary of the Treasury Anderson is known to feel the government should always have enough cash available to pay its expenses for two or three weeks. At the present spending rate, that means a total of 3 to \$4½ billion.

In addition, Anderson would like a few billion dollars to make it easier to refinance the debt, a more or less constant operation.

Guard Saves Negro Church From Bombing

Birmingham — A volunteer guard saved the church of a Negro integration leader from destruction early yesterday when he moved a dynamite bomb away from the building moments before it exploded.

The Rev. F. L. Shuttlesworth said the bomb would have demolished his Bethel Baptist church had it not been for the "heroic deed" of Will Hall.

Hall, a 62-year-old retired coal miner, is one of six volunteers who have guarded the church each Saturday night since it and Mr. Shuttlesworth's adjoining home were heavily damaged by bombing Dec. 25, 1956.

The Negro minister said Hall, upon discovering a smoking can containing dynamite against a wall of the church, moved it to the edge of the street 30 feet away about one minute before the blast. A carload of white men reportedly was seen passing shortly before the bomb was found.

Held Services
Despite the shattered windows and cracked plaster, Negroes gathered at the church for Sunday morning services. After a sermon, the Rev. Mr. Shuttlesworth declared:

"Dastardly as this crime is, nobody here is angry. It's shown us the depth and seriousness of the job at hand. We're going to have to suffer on longer, but we'll hold up our heads."

Police said only clues uncovered so far were a few pieces of fine metal can which contained the explosives and a vague description of the men seen driving past.

The bombing came two months after a faulty fuse prevented a large bomb from blasting Temple Beth-el here. Rewards totaling more than \$15,000 have been offered for arrest of the bomber.

Greek Cypriot Head Threatens New Violence

Masked Terrorists Unleash Another After Dark Attack

Nicosia, Cyprus, — Terrorist violence continued on Cyprus today and the leader of the Greek Cypriot underground threatened to renew attacks on the British unless they negotiate with Archbishop Makarios on independence for the island.

An unidentified gunman in the southern port of Limassol killed a Turk Cypriot as he bicycled to work at his barbershop in the Greek quarter this morning. Masked terrorists in the western Famagusta district attacked a group of Greek Cypriots Sunday night.

The threat to open "the door admitting the God of war" was contained in leaflets signed by Digenis, underground name of EOKA leader Col. George Grivas. The leaflets said diplomacy would no longer be possible unless Britain confers with Makarios, the Greek Cypriot leader now in exile at Athens.

EOKA's terror campaign has been directed at forcing out the British so the island can unite with Greece. The Turkish Cypriot minority opposes this for fear it will get second-class status. Neither side has shown much interest in Britain's plan for all three groups to share the island's administration.

Stormy Meeting
The terrorists attacked a group of left-wingers near the village of Akhna after they left a stormy town meeting during which the left and right tried to patch up their differences. One left-winger was seriously wounded and nine others were beaten up.

Violence also flared between Greek and Turkish Cypriots in the western Paphos district after a Greek Cypriot butcher was found shot to death on a mountain road.

Armed with sticks and homemade weapons, the slain man's friends entered Greek village areas. British troops stopped the rioting that followed by clamping on a curfew. The clashes injured two persons.

Planes Crack Old Record for Ocean Crossing

Establish New Mark After Tragic Start From Eastern Base

New York — Two air force jet tankers beat the east-west speed record between London and New York City Sunday.

Alpha, the first of the two U. S. planes, flashed over Idlewild airport after it had made the 3,460 miles non-stop flight from London in 5 hours, 51 minutes and 24.8 seconds.

The plane landed minutes later at Floyd Bennett field in Brooklyn.

Right behind Alpha streaked its sister ship, Bravo, which took 5 hours, 53 minutes, 21 seconds to make the flight.

London and New York are five hours apart on the clock. Swept from the record books was British Capt. J. W. Hackett's mark of 7 hours 29 minutes established Aug. 23, 1955.

The U. S. planes, 4-engined KC135s of the strategic air command, set new marks of less than 5½ hours for the New York-London flight last Friday.

Hackett also had held this record with a New York to London flight of 6 hours, 16 minutes. He established both marks flying a royal air force Canberra jet bomber.

Bravo didn't stop here. The plane zipped on home to Westover air force base in Massachusetts.

The assaults on the old west-east records had a tragic beginning Friday. A third jet tanker crashed just after take-off from Westover. Fifteen men died in the crash, six newsmen among them. The flight of a fourth craft was then canceled.

While Alpha and Bravo were in mid-ocean yesterday on their return hop, memorial services for the victims were being held at Westover.

Col. Harry Burrell of Omaha, Neb., 40-year-old commander of the flight, described yesterday's trip as smooth.

The new record, he said, was "a little better than we expected."

Alpha's pilot, Maj. Burl Davernport of San Antonio, Tex., maintained an average speed just under 588 miles an hour for the London-New York flight. The plane's top speed was 630 miles an hour.

Council Predicts 410 July 4 Deaths

Chicago — The National Safety Council today estimated 410 Americans may be killed in traffic accidents during the Fourth of July weekend.

If the toll goes that high, it will set a new record for a 3-day observance of Independence day. The high mark is 407, set in 1955.

The council also said there could be 12,000 disabling injuries during the 78-hour period - from 6 o'clock Thursday, July 3, to midnight Sunday, July 6.

It estimated 45 million cars will run up a total of 12 billion miles during the holiday period.

While predicting a heavy toll, the council stated: "But it does not have to be that way. A sure-fit antidote for extra holiday danger is extra holiday care - and it's available without cost to every driver."

Rockets Give Man Peek At Light of the Stars

American Astronomical Society Rally In Madison Told of Latest Advances

By JOHN A. BARBOUR
Associated Press Science Reporter

Madison — Rockets are giving man a quick peek at the invisible light of the stars, navy scientists said today.

The rockets record far ultraviolet light over 60 miles high. By climbing over the major part of the earth's atmosphere they can get a more or less unimpaired view of the heavens.

They in fact offer promise in two directions, the scientists suggested to the 100th meeting of the American Astronomical society here.

Wave Lengths
First, the rockets can record ultra-violet wave lengths that are normally absorbed by the earth's atmosphere invisible light that fills space far above the earth, though we lack the eyes to see it.

Second, rockets can aid other methods of observation - by listing observing devices over the distorting blanket of the atmosphere.

While the universe is full of different sorts of radiation from long radio waves to short cosmic and x-rays, we see little of it from the ground.

The atmosphere shields us from all but the visible light spectrum, the neighboring ultra-violet and infra-red rays, and a range of radio waves.

Visible Light Range
Compared to a piano keyboard, the visible light range is only one octave, while the

full-range of star light would cover a dozen full keyboards.

Radio telescopes, only 25 years old, have greatly advanced our knowledge of the universe, the scientists said.

What we couldn't see of distant galaxies or of our own, the milky-way, scientists learned to hear in radio emissions from distant stars.

Now the far ultra-violet offers a similar possibility, the navy scientists said.

Invisible to the eye and absorbed by the atmosphere, it was believed the far ultra-violet comes strongly from the distant stars that are many times hotter than our sun.

Sensitive Devices
Rockets, equipped with ultra-violet sensitive devices, proved to be a sensitive measure of gaseous clouds in space. For example, in the constellation of Virgo, there was such a heavy ultra-violet glow around the star Spica that it masked the star itself.

Spica is five times as hot as our sun. Previously no visible cloudiness or nebulosity could be seen around the star with large optical telescopes, the scientists said.

The papers on rocket astronomy were presented to the society by James E. Kupperman, Jr., Herbert Friedman, Albert Bogess III and James E. Milligan, all of the naval research laboratory, Washington.

Senate Enters Second Week of Deliberation On Alaskan Statehood

See Prospect of Midweek Vote to Add First Star to Flag Since 1912

Washington — The senate enters a second week of debate on Alaskan statehood today with prospects of a vote by midweek to add the first star to the nation's flag since 1912.

With the senate again meeting early, there was hope for a vote during the day on a constitutional point of order raised against the bill by Sen. James O. Eastland (D-Miss).

Backers of the house-passed bill, heartened by two test vote victories, were confident of the admission measure would avoid parliamentary troubles on its way to the White House no later than Wednesday. They forecast passage by a 2-1 senate margin.

Delegate E. L. (Bob) Bartlett (D-Alaska), traditionally cautious in his statehood forecasts, said he would not be surprised to find 70 senators lining up for the bill on the final roll call. He said he looked for action by Tuesday night.

First New State
Similar forecasts were made during the weekend by senate backers of the bill which would authorize the first new state since New Mexico and Arizona joined the union 46 years ago.

There was some indication that the active opposition, centered largely among southern senators, might seek to stall the final vote until later in the week in hopes of forcing an amendment or casting a cloud over the bill's validity.

They contend the validity question might arise under a provision stating that the president, not later than July 3, shall notify Alaska's governor of the bill's enactment. That date is only three days away.

Government attorneys, however, have given their opinion that the date is meaningless in itself—it is intended merely to set in motion the necessary elections in Alaska.

As a result, leading backers of the bill have said they will resist any change in the date even if debate lasts past Thursday.

Opposed Alteration
From the beginning, statehood strategists have successfully opposed any alternation of the house-passed bill to the admission measure would avoid parliamentary troubles on its way to the White House no later than Wednesday. They forecast passage by a 2-1 senate margin.

Similar forecasts were made during the weekend by senate backers of the bill which would authorize the first new state since New Mexico and Arizona joined the union 46 years ago.

There was some indication that the active opposition, centered largely among southern senators, might seek to stall the final vote until later in the week in hopes of forcing an amendment or casting a cloud over the bill's validity.

They contend the validity question might arise under a provision stating that the president, not later than July 3, shall notify Alaska's governor of the bill's enactment. That date is only three days away.

Government attorneys, however, have given their opinion that the date is meaningless in itself—it is intended merely to set in motion the necessary elections in Alaska.

As a result, leading backers of the bill have said they will resist any change in the date even if debate lasts past Thursday.

Opposed Alteration
From the beginning, statehood strategists have successfully opposed any alternation of the house-passed bill to the admission measure would avoid parliamentary troubles on its way to the White House no later than Wednesday. They forecast passage by a 2-1 senate margin.

Delegate E. L. (Bob) Bartlett (D-Alaska), traditionally cautious in his statehood forecasts, said he would not be surprised to find 70 senators lining up for the bill on the final roll call. He said he looked for action by Tuesday night.

Vision Basic Crash Cause

Study Shows 35,000 Drivers in Accidents Had Defective Sight

How's your eyesight?

If you drive a car the condition of your eyes should be of great concern to you, naturally. Yet, according to a professor of ophthalmology, poor eyesight probably is one of the basic causes of traffic accidents.

About 35,000 drivers in motor vehicle accidents in 1956 were reported to have defective eyesight, according to the National Safety Council. Add to that the number of accidents that result from blocked vision, and you can see just how important sight is to motorists.

In more than a million auto accidents in 1956, not being able to see clearly was a contributing factor. In about half of the million accidents, obstructions on the vehicle — most important of which were rain or snow on the windshield — were factors.

Vision Hazards

Highway obstructions such as trees, bushes, buildings and signboards were the culprits in more than 200,000 of the million accidents.

How can the problem be solved?

1. Don't drive if your eyesight's so bad it can't be corrected with glasses.

2. Reduce your speed 5 or 10 miles an hour so you'll have more time to spot hazards ahead

Correspondence Course Enrollment Increases

Madison — Correspondence study enrollments at the University of Wisconsin are running almost 600 ahead of those for the same time last year.

Charles A. Wedemeyer, director of correspondence study in the UW Extension Division, has reported that 8,351 persons enrolled in correspondence courses during the current fiscal year which began July 1, 1957. The enrollment represented an increase of 493 over the corresponding week a year ago.

The total enrollment included 2,338 students living in other states and foreign countries. There are 3,121 persons taking correspondence courses for college credit, 2,688 taking high school credit courses, and 2,139 taking non-credit courses.

Two of Oldest Religious Periodicals to Merge

New York — Two of the nation's oldest religious periodicals will fall victims to the merger of the Evangelical and Reformed and the Congregational Christian churches into the United Church of Christ.

The Congregationalists' magazine, *Advance*, and the Evangelical and Reformed church's *Messenger* will be combined into the new *United Church Herald*. The first edition is scheduled to appear in October.

This Week's Books

Uncollected Fitzgerald New in Public Library

A new book of previously uncollected stories and essays of G. Scott Fitzgerald has been added to the Appleton public library this week. It is on display now and will be released for circulation Thursday. "Afternoon of an Author" should be of particular interest to students of American literature.

Other new books this week include "Blockade" by Robert Carse, an account of sea battles of the Civil War; "Once to Sinia" by H. F. M. Prescott, a study of medieval times; "Songs and Sonnets" by mystic poet John Donne; "Love With Paprika" by Maria Molnar, reminiscences of life on a feudal estate near Budapest; "The Langston Hughes Reader," selections from the writings of the Negro author; "The Gentle Tamers" by Dee Brown the story of women in the early west; "Ten Thousand Eyes" by Richard Collier, an account of the spy network that crushed Hitler's Atlantic wall before D-day; "Witness of the Light" by Katherine Burton, a biography of Pope Pius XII.

"The History of Fanny Burney" by Joyce Hemlow, a biography, "American Classics Reconsidered" by the Rev. Harold Gardner, S.J., a Christian appraisal; "One Mind Common to All" by Earl Bond, how psychiatry functions in every day life.

"One Way of Living" by George Docherty, a description of a life of Christian; "The Private World of Pablo Picasso" by David Duncan, a photographic profile; "The Senses" by Wolfgang von Buddenbrock.

TV Won't Run Out of Stuff, Jingo Says

Paul Gregory, Top Producer, Just Worrywart

Producer Paul Gregory is a worrywart. "Within five years," says he, television has used up as much as it took the films to do in 25 years. It could have been such a rich adventure, but they've taken all the jewels away.

"I think," he adds, "that the result some day—and not too far away—is that the block box in the corner of the room will be dark for hours at a time. There just won't be enough to keep it busy on present day-and-night schedule."

Ever hear of radio, Mr. Gregory? Jingo believes the sound medium raced through a mite of material—and is continuing to do so.

Gregory, in case you didn't know, is producer of such TV attractions as "The Caine Mutiny Court-Martial," "The Day Lincoln Was Shot," "Three for Tonight," and "Crescendo." He has just completed production of "The Naked and the Dead" for films and plans to take "Marriage - Go - Round," starring Charles Boyer and Claudette Colbert, to Broadway this fall.

True, Gregory is one of the country's top producers, but a very abbreviated recitation of his record shows there were still some "jewels" left—and very recently—for him to play with. Television fare, Jingo thinks you'll agree, gets better and better, not worse, as Gregory implies.

Jingo's Jewels: Pvt. Elvis Presley steps out of the army in 1960 and into a half million dollars in contracts. Col. Tom Parker, his manager, announced last week, Ed Sullivan has \$100,000 option for a TV appearance and Presley gets another \$400,000 from a 2-movie contract. . . . TV manufacturers shipped 1,570,279 sets in the first four months of 1958, down from 1,787,346 sets in the first quarter of 1957. Radio manufacturers sent 1,338,862 sets to dealers through the first 13 weeks of the year, down from 1,612,044 sets in a like 1957 period.

Peggy Lee may make a series of 30-minute TV song shows for next season. . . . "The Voice of Firestone" gets a new look next fall. Top talent will be booked almost exclusively. . . . A producer has bought up rights to 11 Upton Sinclair novels and is readying a TV series based on Lanny Budd, the running hero. . . . George Sanders has a new TV series going, "The Fabulous Oliver Chantry." It's about a Clifton Webbish-type newspaper columnist. . . . Get ready for another round of Jimmy Dean inspired movies.

Look for Zorro to be marked with love shortly. Walt Disney has signed svelte Jolene Brand to appear in five shows, with options for more if things work out. . . . Gary Crosby got \$7,500 for his appearance on the Pat Boone TV show. The two provided some fine entertainment. NBC-TV is securing the woods for young MCs like ABC-TV's Dick Clark, who's parlayed "American Bandstand" into riches. . . . One sponsor has plunked down \$1 million for four spectaculars next season on CBS-TV. For this he gets Mary Martin, Victor Borge, Phil Silvers, and the director of the Dinan Shore show.

'The Vikings' to Open Wednesday At Viking and 41

A lavish spectacular, claimed to cost about \$4 million to produce, will open Wednesday at the Viking and 41 Outdoor theaters.

It is "The Vikings," a screen adaptation of Edson Marshall's best-selling novel of the same name. This swash-buckling

Drop Study of State Welfare Department

Committee Resources Inadequate for Task, Says Assemblyman

Post-Crescent Madison Bureau
Madison — A "watch-dog" committee of the state legislature has changed its mind about studying the operations and costs of the multi-million dollar state department of public welfare.

The committee's original decision was attended by considerable publicity several months ago. Some hostile politicians claimed that the Republican-controlled inquiry group had a punitive purpose in mind in soliciting the welfare administration for special review.

Sen. Robert P. Knowles of New Richmond, chairman of the committee on state government operations, renounced such purposes. He said the legislators felt the best place to review possible state economics and administrative improvements was in the state agency accounting for the largest share of the legislature's appropriations.

But after a few preliminary meetings with Welfare Director Wilbur Schmidt and other administrators who tried to outline the hugeness of the department's service institutions, committee members concluded that their time and staff resources were inadequate for the task.

"It was too vast," explained Assemblyman J. Riley Stone of Sauk county to Gov. Vernon W. Thomson during a session of the state emergency board. Stone, as chairman of the assembly wing of the legislative joint finance committee, is one of the legislature's leaders on appropriation matters.

Knowles has announced that the committee has undertaken a number of other study tasks, including a complete review of the state unemployment compensation system. The 1959 legislature, starting next January, is expected again to consider unemployment compensation law amendments.

Comstock generously hands out a few secrets of the mountain remedies which need no prescriptions. "I know a man who suffered arthritis for years until he was able to filch a wrap-around of copper wire from a coal mine . . . Today that man is not only healthy and supple, but he is taking a mail order course in aerial trapeze performances . . . I have in my time seen the worst cases of shingles treated and cured by a black cat highball. The directions call for two jiggers of black cat blood to four jiggers of vodka . . . Black cat blood mixed with corn liquor will cure shingles, too, but, like the modern sulfa drugs, leaves a worse disease in its wake, called the nubbins, which is practically incurable . . . The black cat blood banks are quite frequently overdrawn because the blood and vodka combination is such that even if you don't have shingles, you can set up an immunity with a constant and liberal use of the cure . . .

We don't know how many patients the brand new hospitals get. But the West Virginia sense of humor ought to cure almost anything.

As in America, tented circuses are enjoying a revival abroad. For example, France will have four big tops touring the country this summer, including the Moscow State circus from Russia.

What does that tell the rest of us? That beside going through college and perhaps taking graduate work to get ahead you don't watch the clock no matter what the wages and hours law says; and you don't sit in front of your television set; but keep abreast by reading the daily newspapers, and give your spare time to your family and your hobby. We might add regular church attendance and civic duties, though they were not mentioned in the poll.

The Democrats of Wisconsin, for their part, can scarcely believe their good fortune. Many of them are still bitter about the crusade of the Eisenhower Republicans in 1952. They now find the tables turned in such a way that they need not lift a finger. In such circumstances, indeed, it is better for the Democrats to say nothing — as some of them realize.

White House Stands As Powerful Symbol

Influential Without Pomp, for Building Is Just a Large Home

BY WILLIAM S. WHITE

Washington — Sixteen hundred Pennsylvania avenue in Washington, one of the six faces of official Washington, has long since replaced No. 10 Downing street in London as the world's most significant street address.

White

The White House, at the Washington address, is executive headquarters of the United States of America — actually of all the free world. Downing street, as the prime minister's place, is the center of the parliamentary and administrative life of Great Britain and, indirectly, of the sprawling British Commonwealth.

But the White House is in fact the center and the symbol of the vast influence in this world of the whole British-American race. It, too, is the symbol of our national adaptation of that race in the large, tough, melting-pot society that has so enriched this erstwhile outpost of the now dead British Empire.

Nowhere on earth is so much power exercised in so small a space as in the White House. And nowhere on earth — not even in the smoky-looking, Charles Dickens sort of place that is No. 10 Downing street — is so much power held with so little pomp.

Just Large Home

For the White House, apart from the ugly, functional annexes that are called the west and the east wings, is in appearance just that. It is simply a large house, white in color and colonial in design with big still grounds.

This correspondent does not mean to try to pass it off sentimentally as just a vine-bordered cottage. The point is that it looks like somebody's house — if a well-heeled somebody's — and not the least like the keystone of a massive officialdom and the place where modern history is largely made.

The buildings on either side look far more likely suited for

such roles. One, the squat, heavy Treasury building looks about like what it is, a kind of super-national bank.

The other is a fantastically elegant, ginger-bready sort of structure topped with cornices and curlicues and filled with great, ornate stairways, gilt and marble and fastoons of every kind.

In Character

This is the old State Department building, and it is very much in character. One look at it and you can imagine tall silk hats, diplomats, secret treaties. But this building is now used for the overflow of the second-string offices attached to the White House proper. In this establishment, the bigger you are the less impressive is your office.

It is not physical descriptions, however, that are primarily intended here. What is sought more is to suggest the human atmosphere and the smell of the White House. This atmosphere is dry and underplayed and even a bit homey. This smell is rather like that of a home where the floors are always well waxed.

Nowhere are there obtrusive guards. There is none of that marching and stamping importantly about, none of the feeling of concealed tommy guns and so on that might be expected in such a place at such a time in history.

Indeed, there are mayors' offices in this country, and any number of governors' offices, where everybody takes it bigger, so to speak, and where there is a far greater aura of brass and braid.

Business District

Out on the street is a somewhat shabby business district that could be lifted up and put down in nearly any city in the United States without seeming out of place. This street, but for literal geography, is as far away from the White House as Oklahoma City or Omaha.

For the White House is the only one of the six faces of official Washington, that, in a benign sense, is a false face. It looks absolutely nothing at all like what it really is — this garden, quiet house where Lincoln emancipated the slaves, where Wilson proclaimed a world parliament where Franklin Roosevelt prepared the destruction of Hitler and Tojo, where Harry S. Truman ushered in the atomic age.

Highlights of the Northside Advancement association's Dairyama celebration at Erb park over the weekend included a Saturday evening square dance, the opening parade, and games for the youngsters, all shown above. At top, couples promenade with their partners as the park pavilion becomes a square dancing floor. In the foreground at right are James Agen, Appleton, and Miss Alicia Schulz, Milwaukee. From left, other couples shown are Mrs. Bea Hansen, Green Bay, Jerome Franzen, Milwaukee; Mrs. Agen; Joseph Mrozek, Milwaukee; Clarence Daelke, Appleton, and Miss Margaret Willett, Milwaukee. In center photo, girls from the Woodlawn 4-H club surround a large milk bottle promoting June Dairy month on their parade float. At bottom, pint-sizers scramble for position in group play supervised by the recreation department.

Alice in Dairyland Princess Jane Trappe, Green Bay, waves to onlookers as she rides in the Dairyama parade on Wisconsin avenue. The procession opened the 2-day event sponsored by the Northside Advancement association. Miss Trappe, recently named one of four final contestants in the Alice in Dairyland contest, was introduced to Dairyama guests during the Saturday evening stage entertainment. (Post-Crescent Photo)

Just Like America

Red Hungary Now Has Bootlegging Problem

Budapest — Communist Hungary is trying to cope with an old American problem — bootlegging.

Like everything else in the communist economy, the sale of liquor is supposed to be pretty well controlled by the state. It isn't.

The newspaper Nepszava, organ of the government's trade unions, complains that progress in putting down drunkenness is not satisfactory.

"Of course no one can work miracles," it commented. "What we want is not miracles but good, sober proposals that will find some understanding and a readiness to do something."

Nepszava sent reporters around to dig up some.

On Increase
Alajos Ligeti, one of the government's top trade experts, complained that illicit distilling

would not help to impose tougher closing hours on bars.

You can buy a drink in central Budapest at almost any hour. In the suburbs bars close by midnight and in villages it may be impossible to buy liquor after 8 p.m. Anything tougher would only foster bootlegging, Lazar said.

Nepszava disagreed, coming out in favor of more restrictions.

It found some differences of opinion, too, over its idea that drunks should be forced to take a cure. Dr. Miklos Kadar, dean of the Budapest Law school, is against it. His suggestion: Pen down wages—pay the money to general chairman of the united business committee. Jeffris is a spokesman for the health association director.

ministry said compulsory cure is not a current question because the necessary hospital doesn't exist to handle all the alcoholics in Hungary. He thought one should be built.

Voluntary treatment can be had at nerve hospitals, he pointed out. The one at Gyula, in southeastern Hungary, had 209 alcoholics among the 217 patients treated in March.

Carnival Air Prevails In Dairyama Activities

Wisconsin Avenue Parade Opens Weekend of Amusement, Games

BY BETSY DAVIS
Post-Crescent Staff Writer

Pink cotton candy, balloons and youngsters were in prominent array Saturday and Sunday at the Northside Advancement association's second annual Dairyama at Erb park.

A sizeable crowd, largely the under-10 set, turned out for games, rides, exhibits and entertainment. Held by the Northside businessmen's group in honor of June Dairy month, the 2-day event was kicked off with a Wisconsin Avenue parade Saturday afternoon and continued through a dance in the park pavilion Sunday evening.

"Mommy, look how tall I am!" was one pint-sizer's shout from the top of a kiddie-scaled ferris wheel. He wasn't alone, as moms and dads all over the park could be seen helping youngsters onto the four amusement rides. A favorite with the young folk was a pony ride with eight ponies. A miniature airplane ride was another popular sport.

Teddy bears, 6-foot balloons, fluttering birds on sticks and cowboy hats gave a carnival air to the scene. They were won in games ranging from the traditional hammer and bell test of strength to a ball throwing game which sent a man plunging into water when the target was hit.

Saturday Parade
Opening the celebration was the Dairyama parade Saturday afternoon. Headed by officials from the American Dairy association and the state department of agriculture, the procession numbered over fifty units, including four bands and a drum and bugle corps. One of the four recently-named Alice in Dairyland princesses, Jane Trappe, Green Bay, rode in the parade.

Dairy items were prominent in floats as 4-H clubs and Appleton businessmen promoted dairy month.

One of the most striking floats in the parade, entered by the City of Appleton, consisted of a wide column decorated by a crepe paper American flag.

with roses scattered around the float. A variation on the same theme was offered by the Elks, whose red, white and purple float depicted Betsy Ross sewing the first American flag.

An animated Smokey the Bear, promoting prevention of forest fires highlighted another float. The large bear, his head moving, stood at the front of a log cabin ranger station.

School Bands
Bands from Appleton High school and St. Therese school, the Appleton City band, accordion band and the Boy Scout drum and bugle corps provided marching music for the parade.

Entertainment for the Dairyama attendees was provided by four amateur talent performances; a cow milking demonstration and a water fight between the volunteer fire departments of Grand Chute and Harrison. Singing, pantomime, dancing and baton twirling acts were presented in the amateur variety shows, featuring talent from 4-H clubs and others in the Appleton area.

Organized Games
Youngsters were provided with amusement Saturday and Sunday afternoons by organized games supervised by the city recreation department. The adult crowd came in for their share of attention, too, with dancing at the pavilion both evenings. Saturday evening was climaxed by a square dance with Lloyd Bungert calling the steps and Sunday evening a local orchestra played for ballroom dancing.

The dairy month theme was carried out by a variety of exhibits housed in tents reminiscent of a circus side show. The displays followed the progress of the dairy industry from late nineteenth century churns, presses and molds for making butter to the most modern electric milker.

General chairman for the Dairyama was Stanley Smith. Milton Luebke served as parade chairman.

3 Refugees Seized In British Spy Hunt

Southend, England — (AP) — Three Hungarian refugees who said they were just testing out a new camera — by focusing on the government's top-secret atomic weapons center — set off a weekend spy scare in Britain.

The Hungarians, all refugees who have been granted political asylum here, were seized by police at their rooming house after an anonymous telephone tip that they planned to leave the country.

The Hungarians agreed they had intended to take a 1-day trip Sunday to France, a crossing that involves no passports, but insisted they had no idea

Rebels Occupy Hills Around Beirut Airport

Fighting Continues As Security Troops Meet Surprise Thrust

Beirut, Lebanon — (AP) — Lebanese rebels occupied hills overlooking Beirut international airport in a surprise thrust this morning.

Security forces supported by armored cars and a lone fighter plane struck back in mid-morning and occupied two hills behind Hemlan village, near Beirut. Fighting continued.

The rebels and government forces fought the fiercest battle

of the rebellion over the weekend at Tripoli. There were no reports on whether the rebel activity there signaled the start of an offensive to capture the whole city.

Fight Near Hospital
The battle in the northern port city Sunday centered around the U. S. Presbyterian hospital, which stands on a hill surrounded by rebel territory. Bullets nicked the hospital's outer walls and it was shaken by explosions.

Inside the hospital were 25 Lebanese patients and 42 Lebanese staff members. They reported by telephone that their reinforced patrol of government guards was still there. American personnel quit the hospital two weeks ago. The rebels were trying to capture the hospital for their own wounded.

Mediterranean shelled the El Mena port area, staging point for the rebel attacks on the hospital. Armored cars continued blasting rebel strong-points from land. Government artillery destroyed 10 houses.

Battle Area
The fighting around Tripoli began on Thursday with heavy firing at night and some lulls in the daytime. The battle area extends about 10 to 15 miles around the city.

Casualty figures were uncertain, although 38 persons have been reported killed so far, at least 12 of them rebels. Tripoli has been the scene of the heaviest fighting since the rebellion against President Camille Chamoun's pro-western government broke out 52 days ago with riots that resulted in the burning of the U. S. information library.

Peters Score First Win in Softball Loop

Combined Locks Wins Second Game In Make-Up Schedule

Kaukauna — Peters cracked the win column for the first time this season in the City Softball league Friday night, downing Armes 17 to 12 in a free scoring make-up tilt. The winners now have one win and ten losses while the losers have two wins and nine defeats.

The second make-up game saw Combined Locks Paper down Shermys 9 to 3 in a 5-inning contest. Combined Locks had six wins and five losses while Shermys has won three and lost eight.

Peters scored two runs in the first inning on one hit, added four in the second on four hits, six in the third on five hits, three in the fourth on two hits and then two in the seventh on two hits. Top batter for the winners was Bob Alger with two doubles, a triple and a homer in five trips.

Armes scored four runs in the first inning on one hit, three in the second on three hits and four in the fourth and fifth.

Combined Locks opened the scoring in the first inning with one run, then added two in the third and concluded with a 6-run outburst in the sixth frame. The game was called after six consecutive hits by the winners in the last inning.

Shermys tallied three runs in the third inning on five hits. The losers outbit the winners 10 to 9 in the abbreviated contest but were unable to turn the hits into runs.

Kiwanis Club to Meet This Evening

Little Chute — The Rev. Donald Stoegebauer, assistant at St. John Catholic parish, will be the guest of the Kiwanis club at a meeting at 6:15 this evening at McCabe's restaurant. After the meeting the club will go to the church and join the Key club in recitation of the rosary. Don Farrell is chairman of the program.

After the rosary there will be a board meeting and a meeting of the village board gates for the state convention will be at 8 o'clock Tuesday at Fond du Lac will be named.

Deadline Set To Register for Softball Meet

Kaukauna — Deadline for registration for the 16 team softball tournament to be sponsored by the Kaukauna Athletic club has been postponed until Wednesday, according to Roger Belling club secretary. Originally registrations were to be filed by Monday but the deadline was postponed to give more top notch units from throughout the state an opportunity to participate. The event will be held later in July with team and individual trophies being awarded.

Rules call for a team to have no more than 15 players and men will be able to compete on only one team.

VFW Completes Parade Plans

Event Scheduled in Conjunction With Annual July Picnic

Kaukauna — The Veterans of Foreign Wars post 3319 is still receiving notifications from units planning to participate in the grand parade on July 13, which will be held in conjunction with the annual VFW picnic.

Businessmen and industries from Kaukauna and surrounding areas have indicated they will enter floats and Mayor Joseph Bayorgeon and Mayor Clarence Mitchell, Appleton, have notified the unit they will be on hand to lead the parade.

Musical units from Kaukauna, Kimberly, Little Chute and Appleton will also be represented along with Army reserve units. Favors and balloons will be distributed to youngsters along the route by clowns. Plans call for the parade to be organized on Tenth street and Crooks avenue and march from the site to the VFW picnic grounds on Lawe street.

George Greenwood will be parade marshal assisted by Lloyd Baeten. A military police unit will be on hand to help direct traffic during the parade. Units will organize at 1 o'clock in the afternoon with the parade to start about 1:30 in the afternoon.

Board to Meet

Little Chute — The regular board meeting of the village board will be at 8 o'clock Tuesday night at the village hall.

A Check for \$437.75 Was Presented to Tom Nytes, former Kaukauna Klubber star, during the Fox Valley league baseball game between Freedom and Kaukauna Sunday afternoon. The game attracted over 700 fans, to pay tribute to a player who lost his leg in an automobile accident. Shown left to right during the presentation are John Niesz, Ray Diedrich, Mayor Joseph Bayorgeon, Jack Hilgenberg, and Nytes on the hospital cart. (Post-Crescent Photo)

The next session of the council will be July 24.

Junior Legion To Meet Menasha

Kaukauna — The Kaukauna Junior Legion tangle with the strong Menasha Legion squad at 6 o'clock Tuesday night at the Menasha park.

The Kaukauna crew got off to a bad start dropping its first four games but last week Jerry DeBruin came through on the mound with a neat 4 hit ter while his mates pounded out 19 hits to give indication the team was beginning to take shape according to Jerry Hopfenspeger coach.

The team has two other veteran hurlers who have been having a hard time getting started but if they come through as DeBruin did the Kaukauna crew could prove tough the remainder of the campaign according to the coach.

2nd Quarter Water Bills are Sent Out

Kimberly — Water bills for the second quarter of the year were sent out today according to Mrs. Paul Lochschmidt clerk treasurer.

Bills can be paid at the office in the Municipal Garage. Mrs. Lochschmidt announced that the office will be closed all day Friday July 4.

Little Chute Scores 11 to 4 Legion Victory

Dick Hietpas Stops Mayville On Three Hits

Little Chute — Dick Hietpas twirled a 3-hitter to lead the Little Chute Legion team to a 11-4 victory over Mayville here Saturday afternoon.

The win was the third straight for the Chuteers. Hietpas struck out five and walked two. He got off to a shaky start giving up all four Mayville runs in the first two innings but had the game in control the rest of the way. Hietpas allowed only one hit after the second.

Mayville scored once in the first and three times in the second. The Chuteers countered with one in the first and a pair in the third.

Little Chute went ahead with two in the sixth as Owen Vandenberg sent Ady Ebben home with a single and Vandenberg scored later on Bongers' second hit of the game.

In the seventh, the Chuteers exploded for six runs. There were five hits in the inning, two Mayville miscues and a hit batsman Hietpas helped his own cause with a bases-loaded single.

Readers Ask Questions About Adams Case

Many People Seek Help From Ike's Aid Every Month

BY DAVID LAWRENCE

Washington — Would a stranger receive the same treatment at the White House as a friend? Would a friend who gave gifts get better treatment than a friend who didn't?

These questions are considered pertinent by many readers who have written in about the Sherman Adams case. So this correspondent made inquiry a few days ago and obtained the following information from an official source:

Q. About how many letters are received at the White House in a typical month for the attention of the president or his aide, Sherman Adams, which are referred for action of some kind to governmental agencies?

A. About 8,937 were received in March, and for the first three weeks in June the total was 5,018. Most of them were referred to other governmental agencies without any memos along with them but all bore the stamped signature of Sherman Adams as authorizing the referral action.

Q. How many of these letters required some form of notation to be attached to the incoming letter of inquiry when it was referred to a governmental agency?

A. About 1,122 in March and 694 in the first three weeks of June were handled that way. These were requests that the agency take appropriate action and make a reply direct to the inquirer.

Letters From Adams
Q. How many got a letter of acknowledgment from Sherman Adams stating that the matter was being referred to another agency?

A. About 790 in March and 424 in June.

Q. On how many was further information sought before Sherman Adams could make reply?

A. Replies to about 222 were held up pending receipt of further information requested from the other governmental agencies on which to base the replies. These requests for information were also signed by Sherman Adams.

Q. Out of the total number of inquiries that Adams himself acknowledged and referred to governmental agencies, how many came from individuals with whom he has had a personal acquaintance?

A. Not more than 1 per cent of the 790 in March and the 424 in June. And most of these came from persons in his home area—citizens who were his constituents when he was governor of New Hampshire or when he served in congress.

The above information is entirely apart from the inquiries made by members of congress who write to the White House in behalf of constituents desiring some action be taken by governmental agencies.

Little Idea

The general public has little idea of how extensive are the telephone calls to the White House. They average 2,000 per day and, as for members of congress, their calls to the executive offices average about 100 per day. Sherman Adams personally takes at least 30 of these calls a day.

When Sherman Adams during a 15-year friendship with a New England businessman occasionally exchanged gifts—as do many persons in public life—he could not have known that the routine consideration he gave to two requests for information from his friend some day would be regarded as indiscreet. The record shows that Adams has handled this kind of request on the same basis as the others he received from strangers. He has asked no favors and requested no action—leaving it to the independent commissions to make their own decisions. He himself has said it was imprudent to have accepted any gifts, but what he really means is that it never occurred to him that anything he did for a friend equivalent to what he did every day for strangers would some day be regarded as improper and as a challenge to his integrity.

If a man's conscience tells a public servant he has not properly used his position in behalf of either a friend or a stranger, he ought never to resign from office just because he comes under fire. To do so is to yield to the "lynch" spirit which often in the past has punished many a citizen because his name appeared on a list of names against the accused.

Competition in Distributing Gold Dangerous to U. S. Sokolsky Says

BY GEORGE E. SOKOLSKY
The United States is now engaged in an active competition with Soviet Russia for the provision of money for foreign countries. Each country employs its own methods, but both are distributing gold, and therein lies a danger to us. Soviet Russia is reputed to mine \$1,500,000,000 a year; the United States buys most of its gold at \$35 an ounce.

Sokolsky

In 1958, the United States will provide \$3,400,000,000 in foreign aid, plus such money as the president uses from his contingency and emergency fund; plus such money as we have already contributed to international financial institutions. Much of our contribution is still hidden away and only comes out, but not entirely, through congressional investigations.

The \$3,400,000,000 is divided as follows:

Military assistance	\$1,878,000,000
Defense support	725,000,000
Development Loan fund	300,000,000
Technical cooperation	125,000,000
Special assistance	225,000,000
Development assistance (car-	

rover only) 52,000,000.
Other programs 130,000,000.

What is called "Technical cooperation" is the old Point Four program under another name. This program involves the export of American skills to a so-called weak and backward country. Sometimes the funds have been used for the erection of a plant as well.

The problem of military assistance becomes increasingly involved as the cold war turns into the tepid war. Actually we still require allies and we still must support some of them. There is great flexibility both in the nature of the support and the reasons for it.

Matter Confused
Military aid is an outgrowth of the Marshall Plan, which set out to rebuild the European economy but, as the cold war developed, became NATO. Military aid therefore is not always of a military character. Often by freeing countries from the huge cost of imports it is possible to assist them to finance their own military operations in local currency.

The entire matter is confused by the assumption that peace exists, when obviously there is no peace. We are as much at war now as we were in 1945, only it is a different type of war fought on different fronts and utilizing different methods. It is a war of position rather than of motion, each side seeking by new tools to

place itself in a more favorable position than its opponent. All this exploding of Sputniks and our own missiles accomplishes very little except as a hot war preventative. What each side is trying to prove is that a balance of economic and military power is being maintained.

Without ever reaching a state of a hot war, it is possible by the economic means now employed to achieve as much destruction as by an old-fashioned hot war. In fact, the curious inflation - recession complex from which we now suffer is in a large measure due to the exigencies of the tepid war which is likely to outlast this century. It is impossible for either side to foretell the course of events or the permutations and concatenations, to quote Charles A. Beard, of historic forces now at work.

If last month our fate hung on Algeria, this week it hangs on Lebanon and next year, it may be Japan. The constant changes, the fluctuations of policy in some eighty countries

Appleton Boys Proud Owners of Small Car

BY DAVID APKER
Post-Crescent Staff Writer

An old power mower motor, serving as the engine for one of the most unique cars in the Fox Cities, has made two Appleton boys the most popular youngsters in their neighborhood.

Kenneth and James Herres, sons of Mr. and Mrs. F. J. Herres, 425 E. Summer street, are the proud owners and drivers of the pint-sized auto, christened the "Wizard Eight," by their father who helped build

away our vast gold reserve which would now be of such enormous use to us. The startling condition is that West Germany is building up an enormous gold reserve. And Soviet Russia is pegging the Red Chinese currency to a gold rouble. How soon will it be before Soviet Russia issues a gold export rouble?

If the world turns to gold, as it is likely to do in an effort to save itself from economic strangulation, the country with the most gold will be the center of the universe, as England was for centuries.

it. Also helping with construction was Warren Rice, route 2, Appleton.

When their father purchased a new mower the boys put in a bid for the old one. After intensive father-son consultations it was decided the motor could be put to continued use if a boy-size automobile was built around it.

Herres thought over the idea for the small car and finally called in Rice, who had previous experience building a midget auto for his own youngsters. The two men exchanged ideas on the project and began construction at the Miller Electric company where they are employed. Herres and Rice worked Monday through Thursday evenings for six weeks as they painstakingly developed their brain child.

Once the auto became operational it didn't take long for the boys to learn how to drive it and soon the Herres yard was full of children watching the contraption. In the interest of the children's safety and the well-being of his lawn, Herres transferred the car to his cot-

tage on Big Lake, near Gresham. The car, according to Herres, is basically as good as many of its normal-sized brethren.

Although its only 36 inches wide and seven feet long, the Wizard Eight can travel at a top speed of 10 miles per hour with its 1 1/2 horsepower engine. Its gasoline tank holds 2 1/2 gallons. Under normal use a tank lasts about two weeks, Herres stated.

Frame of the auto is made from rectangular tubing. It operates with one wheel drive—the gear shift hooked to the back of the car with pulleys. The car has a floor accelerator and brake, choke and key ignition are on the dashboard. The Herres product has ball joint steering.

Herres and Rice didn't forget all - important comfort items. For riding ease the car is designed like a racer—small wheels in front, large wheels in back. The tiny tires have pneumatic tubes about the size of wheelbarrow tires. Each wheel is individually suspended. Added comfort is given by plastic covers over sponge rubber upholstery.

The all-plywood body can be lifted off the frame and a removable grill in the rear of the car makes for easy maintenance, Herres states.

Says Adams Tried To Hush Up Goldfine

CONTINUED FROM PAGE 1

ams, Fox said, Goldfine called Fox into the room for a drink and proposed a toast to Adams, who "never lets his friends down and isn't letting me down now."

Rep. Joseph O'Hara (R-Min) asked Fox whether this was "a kidding remark."

Fox said he didn't know, but "Adams took Goldfine by the arm to a far corner of the room and quite obviously admonished him not to talk too much."

Chairman Oren Harris (D-Ark) interrupted to admonish Fox not to testify about things he did not know himself.

But Fox insisted.

Denial By Adams
"From the snatches of conversation I got and Mr. Adams' obvious concern," he knew he "was telling Mr. Goldfine to keep his mouth shut," he said.

Adams in a public statement Friday specifically denied that Goldfine made any such remark in his presence.

A d a m s has acknowledged making an inquiry about the status of FIC cases involving Goldfine's mills, and passing on the resulting information to Goldfine, but insisted he asked for no special treatment for his friend.

Fox, a Boston lawyer-businessman, is the principal accuser before the subcommittee so far in charges that Goldfine got preferential treatment because of friendship with Adams.

At the start of today's hearing, Fox asked Harris if he could read a statement. Fox said this dealt with testimony he had given last week.

Harris turned Fox down, saying "it refers to something else." The chairman did not disclose what the "something else" was.

Defends Inquiry
Harris vigorously defended himself and his group against stiff criticism that the subcommittee has become a sounding board for smearing innocent people.

Goldfine, a business enemy of Fox, came to Washington for testimony tomorrow. Both Adams, President Eisenhower's top aide and Goldfine's lawyers have challenged various parts of Fox's testimony and denounced the subcommittee for allowing public testimony from what they call a reckless, irresponsible witness. Goldfine's attorneys say Fox is on a smear campaign.

Rep. Joseph P. O'Hara (Minn), top subcommittee Republican, asked Fox if he had been correctly quoted in the past as saying: "You have no idea of my capacity for retribution."

"I don't recall whether I ever said it," Fox replied, "but it completely expresses my sentiments, so I may very well have said it."

Meanwhile, Press Secretary James C. Hagerty denied that the White House has been "calling the shots" in briefing of Goldfine by his lawyers.

The same news story said another Goldfine attorney, Roger Robb, had been recommended to Goldfine by the White House.

Asked about that, Hagerty replied: "That is not true at all."

Hagerty said regarding a published report, "I deny it flatly."

One of Goldfine's Boston attorneys, Laurence Cohen, was quoted yesterday in the Washington Post as saying the White House has been "calling the shots" in briefing of Goldfine by his lawyers.

After Castro's war of nerves fizzled three months ago and the general strikes he threatened, uprisings in Havana and other moves were quickly crushed by Batista's forces, the rebels withdrew to the hills and remained relatively quiet. The army since has been trying to flush out the guerrillas.

Other Incidents
Scattered incidents in the following months caused little alarm and Cuba began returning to normal.

But last Thursday night the rebels swooped out of the hills and seized 10 American and 2 Canadian engineers at the isolated Moa Mining Co. on the northern coast of Oriente province.

Then two sugar mill executives were carried off in separate kidnappings in Oriente province.

The rebels' biggest catch was the excursion party of 27 U. S. sailors and marines. They failed to return to Guantanamo on schedule Friday night and their empty bus was found Saturday afternoon. Two Cubans, presumably the driver and his assistant, also were reported missing.

Although the U.S. embassy reported the men were forced from their bus and driven into the mountains, there was no public expression of fear for their safety or that of the other captives. Wallam was told yesterday by a reliable rebel source that the 12 engineers were in good shape.

Admits Rebel Forces Active in N. Celebes

Jakarta — Prime Minister Djuanda admitted today government forces are still facing heavy opposition in North Celebes despite the fall of Menado.

Djuanda said capture of the rebel capital should act as a warning to rebel leaders to surrender.

The premier said the government planned firm action against Darul Islam and other rebel gangs after military operations in North Celebes were finished. The government is contemplating a new approach in dealing with rebel gangs, he declared.

The foreign office announced most travel restrictions imposed on foreign diplomats and officials of foreign missions in Jakarta will be lifted tomorrow.

Bandit Has Hands Full, Dies as Patrolman Fires

North Miami, Fla. — "Don't say anything," Patrolman Ralph Rex cautioned his companions at a crowded restaurant. "I'll wait until he gets his hands on the trays."

Customers sat frozen in their chairs last night as a masked gunman scooped up cash registers, trays containing \$800 and today by a reliable rebel source that the 12 engineers were in good shape.

Rex fired three shots into his back. The bandit fell dead.

World's Only Captive White Whale Dies on Cross-Country Jaunt

New York — The great heart of Bertha, the only white whale in captivity, pumped every eight seconds, as a whale's heart should, as she neared Idlewild airport yesterday.

It had been an exhausting 11-hour trip from Seattle for Bertha.

She started east with a healthy pearl gray complexion. On the way she was swathed in canvas and blankets, which were soaked with water every hour.

Dr. Carleton Ray, assistant director of the aquarium at Coney Island who made the trip with Bertha, said that although her skin gradually hardened and turned dark brown, she seemed in good health until 15 minutes out of Idlewild.

At that point, the 450-pound mammal died. An autopsy by aquarium staff physicians indicated a pulmonary injury had caused death.

Flaming Wreckage
Mike Rick, Barton youth, died Sunday night in the flaming wreckage of his auto after a 3-car crash on the outskirts of West Bend. About 12 other persons were hurt in the crash.

David L. Real, 18, Beloit, was injured fatally early Sunday when his auto overturned on a curve of Shopiere Road east of Beloit.

Anthony S. Walsh, 58, Milwaukee, was injured fatally Saturday night in the city of Brookfield, west of Milwaukee. His auto was demolished when it hit a concrete abutment on Waukesha County Trunk K.

Virgil Huelt, 21, Fairchild, was killed Saturday when his auto overturned in a ditch beside a curving road seven miles north of Augusta in Eau Claire county.

Patricia Feeny, 21, West Allis, was injured fatally in a car-bus collision on the west side of Milwaukee early Saturday. She was riding in the auto.

Carl J. Mueller, 27, of Eau Claire died at a Chippewa Falls hospital Sunday night of injuries received Wednesday when the car in which he was riding hit a utility pole. John Heiman, 26, died in the wreck.

U. S. May Feel Steel Pay Hike

Increase Is Final Installment in Pact Agreed Upon in '56

Pittsburgh — Basic steelworkers tomorrow receive a wage increase that likely will be felt by most Americans before too long.

The increase is the final installment in a 3-year contract which in 1956 brought to an end a 34-day strike by the United Steelworkers against the basic steel industry.

The union estimates the package boost at 13.2-cents hourly, the companies at 16 - cents. Steelworkers now earn about \$2.77 hourly, but the union estimates that more than a third of its 650,000 members have been furloughed due to a sharp dip in production.

In addition to the contracted increase, USW members will receive a 4-cent hourly raise figured on a rise on the government's cost - of - living index. Previous cost-of-living increases during the present contract added 12-cents hourly to steelworkers' paychecks.

Steelmakers, who had hoped the union would forego the final increase, are agreed an increase in the price of steel will be necessary, but none of the major producers has said just how much.

U. S. Steel corporation, the world's largest producer, normally sets the steel price pattern, but it has said it would make no decision until the economic situation clarifies. This was taken in many quarters to mean that big steel would wait for a business improvement before making price adjustments.

The three deaths raised the weekend fatalities to nine.

Killed in the 2-car crash south of Racine were Mrs. Martha Labonovich, 50; Mrs. Pearl Kuczyński, 63, and Mrs. Natalie Nicikowski, 46, driver of the car carrying the five widows.

Authorities said both cars overturned after the collision. Mrs. Nicikowski's other two passengers and both occupants of the other auto were hospitalized. Driver of the other auto was John Hartl, 20, Racine.

The increase is the final installment in a 3-year contract which in 1956 brought to an end a 34-day strike by the United Steelworkers against the basic steel industry.

The union estimates the package boost at 13.2-cents hourly, the companies at 16 - cents. Steelworkers now earn about \$2.77 hourly, but the union estimates that more than a third of its 650,000 members have been furloughed due to a sharp dip in production.

In addition to the contracted increase, USW members will receive a 4-cent hourly raise figured on a rise on the government's cost - of - living index. Previous cost-of-living increases during the present contract added 12-cents hourly to steelworkers' paychecks.

Steelmakers, who had hoped the union would forego the final increase, are agreed an increase in the price of steel will be necessary, but none of the major producers has said just how much.

U. S. Steel corporation, the world's largest producer, normally sets the steel price pattern, but it has said it would make no decision until the economic situation clarifies. This was taken in many quarters to mean that big steel would wait for a business improvement before making price adjustments.

Nix to Bridal White for Woman Planning Fourth Wedding

BY ANN LANDERS

DEAR ANN: My neighbors say I'm crazy. Please settle this so I can show them your answer.

I'm a woman 57 who looks younger. I'm going to be married for the fourth time. I want a large wedding and reception. I plan to wear a long white chiffon gown and have five attendants. In fact, I want the whole works.

The neighbors say a wedding of this type is for someone who has never been married. Well, this is the first marriage for my fiancé and he should have the thrill of seeing his bride come down the aisle in a white gown and veil. My previous history has nothing to do with him. You'd think I was out of my mind. How about it?—HERE COMES THE BRIDE

A 57-year-old veteran of three marriage campaigns shouldn't be surprised if she hears some snickering be-

tween the bars of "Oh From-ise Me."

White is a symbol of purity. Now, really, Lady!

Of course there's no law to prevent you from wearing the traditional bridal gown and veil if you wish but you'll make a fool of yourself and a farce of the ceremonies.

DEAR ANN: I have an unusual mother-in-law problem. Maybe you can help. My husband's mother lives with us. She's a widow, well-fixed financially. She pays for all the groceries, utilities and numerous household items.

The problem is this: She insists on using her old-fashioned, hand-crocheted doilies on the living room chairs and tables. We have two marble-top tables, and she even has doilies on

those. She also hung a pair of cheap-looking China brackets on the wall. I blush whenever guests notice them.

I wouldn't hurt her feelings for the world, but more than once I've felt like ripping up those doilies and throwing out the wall brackets. Any suggestions?—F.G.L.

Since you accept without hesitation the financial favors your mother-in-law bestows, you should be willing to give a little. "Favors" go hand in hand with "obligations". When you permit your mother-in-law to pay the bills you forfeit your independence.

My advice is to put up with the doilies and wall brackets and keep your lip zipped.

DEAR ANN: My mother and I are having a big argument. Who is right?

I'm a girl 17 engaged to marry a boy 21 who just got out of the service. Every Monday night he brings over his laundry for me to wash and iron. He picks it up on Wednesday. I don't see anything wrong with this as I want the practice of doing things the way he likes them.

My mother gets mad whenever she sees him coming over with his laundry. She claims he has a perfectly healthy mother who should be taking care of his clothes. Also, she says a young girl shouldn't have anything to do with a fellow's soiled laundry until after they are married. Frankly, I don't dig it. Clue me in.—JANET

A girl who considers herself smart enough to make the most important decision of her life surely should "dig" this one. Your mother is absolutely right. A boy friend who expects this kind of service is pretty brassy—and you are less than bright to provide it.

If it's practice you want, I'll bet your mother would be happy to let you experiment on the family wash.

A 48-Year Separation Was Ended for two brothers and a sister of the Van Beek family Saturday evening when Mrs. Christ Witloc of Nuland, Holland, visited with brothers, Martin Van Beek, Neenah, and Marinus Van Beek, Kimberly. Culbertson on Bridge

By Ely Culbertson

Bridge players in the expert or near-expert category have been so busy for over a decade, debating the merits of this, that and the other bidding system, experimenting with new conventions and gadgets, that most of them have lost sight of the really paramount issue, which is: Which is more important—to convey full and accurate information to partner, or to keep the opponents in the dark, which means that partner must also be kept in that state.

There is no easy and certainly no all-inclusive answer to this question, but one thing is sure: a passion for "full and accurate description" in every deal is a one-way ticket to the losing column. It is fine to be accurate and completely truthful when your side has most of the high cards, but at other times guile may be more productive than "honesty." Here is a proof of a sort.

West, dealer
Both sides vulnerable

NORTH		SOUTH	
S-6 5 2	H-8 4 3	S-A J 9 7 4	H-10
D-7 6 5 3	C-J 10 2	D-K 10	D-Q J 9 4
		C-K Q 9 8	C-7 5 4 3

WEST EAST
S-A J 9 7 4 S-Q 10 8 3
H-10 H-10
D-K 10 D-Q J 9 4
C-K Q 9 8 C-7 5 4 3

SOUTH
S-K
H-A K Q 9 7 6 2
D-A 8 2
C-A 6

This deal occurred in a duplicate game, and at every table but one the bidding went along these or similar lines:

West	North	East	South
1 S	Pass	2 S	4 H
4 S	Pass	Pass	5 H
D'ble	Pass	Pass	Pass

Some South players got doubled at the four-level, and going down only one, did pretty well in the match-point column, but the clear North-South "top" went to the pair involved in this devious auction:

West	North	East	South
1 S	Pass	2 S	3 C
D'ble	Pass	Pass	3 D
Pass	Pass	D'ble	3 N T
D'ble	Pass	Pass	Pass

Doubling becomes rhythmic after a while, and so it was not remarkable, though it was indiscreet, that West doubled the three-no-trump bid. He and the other two players expected to hear a run-out on South's part but South coolly passed—and then it would have been remarkable if West had laid down the spade ace as his opening lead. He did not, however—he led a low spade—and South rattled off 10 tricks.

Our Children

Keep July 4 Important, But Also Make It Safe

BY ANGELO PATRISI

I am all for celebrating the Fourth of July with songs, brass bands, speeches and fireworks. It is the high day in our history and there is every reason for us to keep it bright and shining in the minds of the people.

Some of us are late comers; some of us are children, who do not know the story and they must be told it with all the enthusiasm and dramatics possible. It is a day that calls for fireworks not only the explosive kind but the fiery speeches of the orators.

There is just one drawback to the fireworks. They are not for children. They are to be kept in the hands of experienced adults and displayed for the enjoyment of all concerned, remembering that the children are most concerned. They do love the whizz-bang, and the fun of lighting a firecracker but it is, for them, a very dangerous sport which must be prohibited to them.

Protective Laws
We are doing better in this respect than we used to do. Time was when every candy-shop sold firecrackers and rockets to any child who had the price. In many cities and towns that is forbidden now by law. The laws were passed to protect children against their inexperience with explosives and to protect property.

Some years past fire engines and ambulances (attended around the clock) stood ready to go to the rescue of the victims of mishandled fireworks. Things are not so bad now because of the laws restricting fireworks and that is the very reason why we have to be on guard against any letdown of these restrictions. We are like-

ly to forget a danger that have lessened by watchfulness. There are so many pleasant ways of celebrating the Fourth that nobody need resort to dangerous fireworks in the hands of children. Let the adults manage the things while the children watch. Take them to see the set pieces that are sent off for the delight of the community in the public parks and squares. Celebrate the day happily, sensibly and safely.

Announce Winners Of Bridge Tournery

Members of the Appleton Contract Bridge association competed in the Minocqua-Lakeland annual bridge tournament last week. The national card event was sponsored by the Wisconsin-Upper Michigan Bridge association.

Mrs. Julie Singler won third place in the session of the national masters individual event, and won seventh place in the total ranking of the national masters individual players.

David Smith and Lloyd Doerfler placed second in the Michigan pair event, and Dr. Edward Laughlin and Dr. Kyle Ward won second honors in the Illinois pair event. Winning third place in the women's pair event were Mrs. William Geenen and Mrs. H. J. Weller.

The mixed team consisting of Mr. and Mrs. H. J. Weller and Mr. and Mrs. Thomas Boulton, Fort Lauderdale, Fla., were second in that event. These two couples were in third place in the open team event.

Mr. and Mrs. Theodore Wiltoughby, Neenah, placed second in the Saturday afternoon session of the open pair event.

Mr. and Mrs. H. J. Weller finished sixth in the total ranking of the national masters pair event.

Members of the bridge association meet for open play at 7:45 Monday nights at the Elks club.

Annulment Hearings For Rossellini-Bergman Marriage Completed

Rome—Formal hearings were completed today in Roberto Rossellini's suit for annulment of his Mexican proxy marriage to Ingrid Bergman.

Judge Mario Elia Saud said the court would give its decision within 10 days to a month.

Rossellini claimed that the marriage on May 24, 1950, "never existed" because neither Italian nor Swedish law recognized Miss Bergman's Mexican divorce from Dr. Peter Lindstrom.

Miss Bergman, recently in Paris where she has been seen with Lars Schmidt, a wealthy Swede, is not contesting the suit. Rossellini's name has been linked with the wife of an Indian film man who followed him to Europe.

Today's final session, like preceding ones, was held behind closed doors in Rome's civil court. Rossellini and Bergman have been represented by attorneys and have not attended any of the sessions.

Boy's Association With His Parents May Keep Him From Being Drafted

San Rafael, Calif.—Patrick Hallinan's close association with his parents may keep him from being drafted, his mother said yesterday.

Hallinan, 23, is the son of attorney Vincent Hallinan, a 1952 presidential candidate on the Independent Progressive party slate.

Mrs. Hallinan said her son received a letter from army headquarters in Washington last week warning that unless he can "refute the existence of a close and continuing association" with two persons identified with communist-front groups his "eligibility to be drafted will be questioned."

She said the two persons are she and her husband. The letter, Mrs. Hallinan said, is a "dreadful and shocking thing" that implies there is something wrong in her son associating with his parents.

"Certainly Butch can't refute the association," she added, "and he's continuing associating with his mother and father."

Solve Color Scheme Problems With Look-Ahead Plan

Since no color is ever seen alone in a room, it's never a good idea to choose colors one at a time. Decide on the colors for everything at once, whether or not everything is bought at once—then each new purchase falls into place rather than causes a compromise with good looks, or a scramble to change things.

Most letters that describe serious color scheme problems show one-at-a-time color choosing clearly. Major upholstered furniture was bought because its color was new this year, not for how it harmonizes with the rug. Drapery fabric caught the eye, not the color theme of the decorating. An odd chair is really odd as far as color is concerned. Walls were painted a tempting color with no more than a hope that they would flatter the furniture. Plan a scheme and buy to it—there's no other way to avoid disappointment, because every color is either right or wrong depending on how it looks with the others.

Mrs. E. P. "My new 9' x 14' living room has a picture window on one 14-foot wall and an archway on the other, both directly in the center of the walls. The paper on the window wall is plain light green and the walls are papered in a pattern that has shades of coral to deep red on large squares of green, on a white background. The rug is gray and the sectional sofa is spice beige. Can you suggest a color for another chair in this room and where it should go?"

A fabric which combines several colors already in the room in a mixture rather than pattern would help to relate the colors. You might find one you like which includes all, or nearly all of them. Where the chair

Appleton Man Heads Clerks

Joseph F. Haag Renamed President of State Postal Unit

La Crosse — Joseph F. Haag, Appleton, was reelected president of the Wisconsin Federation of Post Office Clerks at the organization's convention Saturday.

Robert Kurth, Madison, was reelected secretary-treasurer. New vice presidents are Elmer Salzieder, Oshkosh, Ernest Deutrich, La Crosse, and Frederick Wiltse, Janesville.

The convention approved a resolution asking the national postal clerks' organization to drop its no-strike clause.

Delegates said they wanted the no-strike phrase deleted from the organization's national constitution even though this could not change employment conditions set by the government.

Police Seeking Man Who Took Shoes and Food

Sheboygan — Sheriff's deputies are looking for a foot-loose and fancy-free thief who stole a man's Sunday shoes, \$80, food and an automobile.

It all began when a telephone call tipped off sheriff's men to a suspicious looking automobile parked Saturday night near Terry Andrae State park. They investigated Sunday morning and flushed a man from the parked auto.

The man sped into a swamp — despite warning shots fired into the air — and lost his shoes while sloshing through the mire.

Authorities said they believe the barefoot man may have been the thief who stole food from the home of Mrs. Linda Behrens and \$80 cash and food — and the Sunday shoes—from the home of George Schuesler.

Wallace Cole of Cedar Grove, reported his car stolen from his home later Sunday. Again, police said they felt it was the same man.

Deadline Tuesday For Dress Entries

Deadline is Tuesday for entries in an Outagamie county dress revue at Hortonville High school July 10, Miss Nyla Bock, county home agent, said today.

Entries should be mailed to the county extension office in Appleton.

Judging will begin at the high school at 9 o'clock in the morning. The revue begins at 2 o'clock in the afternoon.

Winners will be announced at the county fair, July 17 to 20, Miss Bock said.

Treasurer Receives State Aid Checks

State aid checks totaling \$51,817 have been received at the office of R. A. Bentz, Outagamie county treasurer.

The checks were \$28,887 for old age assistance, \$20,465 for aid to dependent children, \$1,183 for aid to blind, and \$1,282 for aid to totally disabled.

Use Doctor As Excuse For Refusal

BY EMILY POST

Dear Mrs. Post: I have a neighbor who is of a different nationality than that of my husband and me. She makes a certain dish which is a specialty of her race. She sent some of it over to us some time ago. It was a very highly seasoned dish and as my husband and I are used to eating very plain foods, it did not appeal to us at all, and much as I hated to do so, had to throw it away. When I saw her, I thanked her for sending it over and because ordinary courtesy demanded that I say something appreciative, I said it was very delicious. Now everytime she makes this certain dish, she sends some over to us. It's shameful waste to throw it away, but we really cannot eat it. How can I put a stop to this without hurting her feelings?

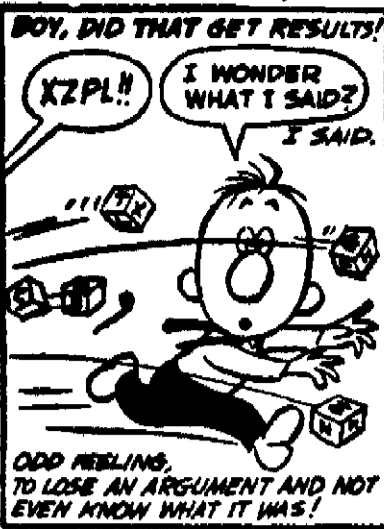

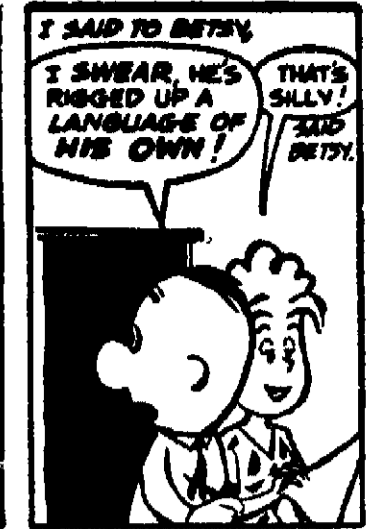

Answer: I think the only thing to do is to tell her with great regret that your doctor has forbidden your husband to eat such deliciously highly seasoned food and please not to send it any more because it is a great temptation to him and

Season's Most Severe Storm Strikes Region

Lightning Knocks Out Service to Dundas, Sherwood

The most severe thunderstorm of the season rumbled into the Fox Cities from the northwest Sunday night, knocking out electric service in scattered areas but bringing temporary relief to dust-dry fields.

Wisconsin - Michigan Power company officials said damage was most extensive in the Dundas area, where lightning struck a substation, knocking out service to Dundas, Sherwood and Hilbert from 12:40 until 4:26 this morning.

About 40 customers were out of service northwest of Appleton Sunday night when lightning struck a transformer.

Single Circuit A single Appleton street light circuit went out of order for a time, the power company said, and one wire was down in Menasha this morning.

The storm brought a little more than a half-inch of rain to the area - enough to bring temporary relief to dry fields in most of the Fox river valley.

Forecasts call for additional thundershowers today and tonight. Overcast skies at mid-morning and an almost complete lack of wind hinted weathermen may be right.

Scattered Hail Sunday night's thunder, lightning and scattered hail moved from the northwest to the southeast. It was brought about, according to Al Braun, power company weather observer, by a clash of cold and warm air masses. He described it as nothing more than a typical early summer storm.

Aside from the storm, the weekend provided the first real summer-type weather of the season. The temperature jumped to a high of 87 Sunday. Bright sun Saturday and much of Sunday brought out bottles of suntan lotion for the first time in weeks.

Sunday night's low was 69 and the mercury at 10:30 this morning was back to 78.

Cooling Trend The outlook calls for a slight cooling trend tonight and Tuesday. Lows tonight should range in the 50s northwest and the 60s southeast.

Overnight lows in Wisconsin ranged between 50 in Superior to 70 in La Crosse. In between were readings of 55 at Two Rivers and 68 at Wausau.

The national temperature extremes Sunday were 113 at

Father Revives Girl After She Falls From Round Lake Dock

King - A father revived his 6-year-old daughter by artificial respiration after she slipped from their dock on Round lake about 6 o'clock Saturday night.

Susan Jischke is back enjoying her summer vacation, thanks to the quick work of her father, Elmer, Oshkosh, who pulled her from the water and started artificial respiration after she was missed while playing on the dock.

Miss Ruth Finch, Appleton, owner of a cottage near Jischke's, notified Arthur Krueger, Ch a in O'Lakes patrolman, who located Dr. George Dernbach, New London, and Mrs. Rose McVey, a registered nurse from Waukegan, Ill., to assist in reviving the child.

The King fire department and the county traffic patrol were also called.

The child was taken to Riverside Memorial hospital, Waupaca, for observation and was released Sunday morning.

the clandestine shopper that he took over the meat.

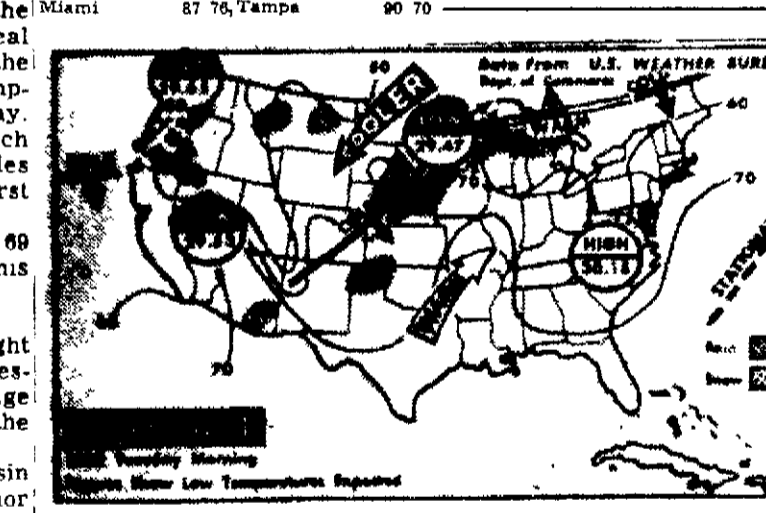

The man reached inside his overalls and produced a 3-pound ham.

Surprised, but still looking for the steak, the manager suggested a bib emptying. Out came another 3-pound ham, a pound of link sausages, two pounds of bacon, two pounds of ground beef.

Then before Butler could summon police, the overalls-wearer brushed by and disappeared outside, presumably in a hurry to get home to a steak supper.

Buy's Ancient Bible For Bid of \$20,160 London - (P) - An Indian-language Bible believed to be the first complete edition printed in the United States was auctioned off today to C. J. Sessler of Philadelphia for 7,200 pounds (\$20,160).

The Bible was one of 20 copies of John Eliot's Indian translation sent to England in 1661 and dedicated to King Charles II. It was auctioned from the Duke of Devonshire's collection by John Fleming, a New York dealer, paid 6,000 pounds (\$16,800) for a copy of Martin Luther's Bible printed in Gothic letters on vellum at Augsburg in 1535.

Showers are Predicted Tonight for the northern Pacific coast region and thundershowers are expected over the northern lakes and the upper Mississippi valley. It will be cooler in the northern plains. (AP Wirephoto)

People Sick Of Crisis In Lebanon

BY WILLIAM L. RYAN

Tripoli, Lebanon - (P) - In this normally quiet little city of northern Lebanon people are getting sick of their nation's drawn-out crisis.

They don't even know what to call it, but whatever it is they have been hurt cruelly.

"Call it a fight, call it a national sickness if you like," one young officer said sadly, "but don't call it war. They are our brothers - up there in the hills and we don't make war on our brothers."

Whatever it is this thing has been torturing the people of the Tripoli area Christian fights against Christian, Moslem against Moslem - and Christians and Moslems fight together against the government.

It's not a conventional war up here at all - it's all mixed up.

Ask Resignation This area is one of the main sources of Christian opposition which is insisting that President Camille Chamoun, himself a Christian, resign under fire. Tripoli is predominantly a Moslem town with many people akin to the neighboring Syrians, but the dominating factor has always been a sort of Christian aristocracy.

It is here, if anywhere, that the rebels must hit hardest if they are to have any hopes of success, and people here realize this.

Day after day people stay in their homes while bullets whistle through the city and shellfire thunders in the hills. Most of the city's shops are closed. Only a few grocery stores remain open in the old

3 Die Despite Rescue Tries

Just One Attempt Successful in Ohio, But Rescuer Killed

Columbus, Ohio - (P) - Death snatched three lives from the hands of would-be rescuers in Ohio over the weekend. In another incident, the rescue was successful, but the rescuer died.

Near Fostoria, a father turned from his fishing and spotted his 3-year-old son waddling on railroad tracks in the path of an oncoming train. He raced to the rescue, but when only six feet from his son, the train struck and killed the boy, knocking the limp body into the father's outstretched arms.

At Cincinnati, a 4-year-old boy saw his 3-year-old brother coming close to falling out of a second-story window. The older child got there in time to save his brother's life - but he himself fell to his death.

In Ottawa county, near the mouth of the Toussaint river, a man and a woman anchored their 16-foot outboard boat and went swimming. The boat started to drift away. They tried to

part of the city. The streets are deserted except for a few stray pedestrians and a trickle of automobile traffic.

get back. In panic, the woman started to go under. Her companion held her head above water, but she slipped from his grasp and drowned. He was saved when help arrived from another boat.

Near Kelleys island in Lake Erie, a Vermilion couple were aboard a 30-foot cabin cruiser when tragedy struck. The husband went below deck momentarily, leaving his wife sitting at the rear of the boat. When he returned, she was nowhere in sight, apparently having fallen overboard. He jumped in the water and found her immediately. But his efforts to revive her were in vain.

The four victims, in the order given above, were Lewis Rice of Fostoria, Jackie Demint of Cincinnati, Miss Joan Tasch, 27, child got there in time to save his brother's life - but he himself fell to his death.

Woman Reports Seeing White Flying Object to Spacecraft Believers

Mountain View, Mo. — Mrs. David McClure said.

"Through binoculars the object looked white - orangey," Mrs. David McClure said.

She was reporting yesterday to a weekend convention of Fellow Believers in Spacecraft.

"It couldn't have been a satellite," she said. "Did you ever see a satellite dip, hover and maneuver?"

The McClures, from Tulsa, Okla., said they sighted the mysterious flying object after leaving Saturday night's convention session. The 2-day meeting was held on an Ozark mountaintop near here. Its host, Buck Nelson, says his farm is a rallying-point for the mysterious space ships.

Soon after the McClures stopped their automobile for a closer look, the "large, white object in the sky vanished" they said—but not before they had pointed it out to two other cars of delegates following them.

"Good thing we had witnesses along," Mrs. McClure commented. "Otherwise, people might not believe us."

Hawaii, Canal Zone Contacted By Outagamie Ham Operators

Points as far away as Hawaii and the Panama Canal Zone were contacted by members of the Outagamie County Radio club in a world-wide field day event Saturday and Sunday.

Contact with the Canal Zone was made about 5:30 Saturday afternoon, shortly after the club began operations at a campsite on a hill four miles north of Appleton. Fifteen club members participated, working 6-hour shifts around the clock until Sunday afternoon.

Other contacts were made in Canada and most of the United States. Total contacts was 150.

Northern lights activity interfered with many transmissions, club officials said.

Each contact counted one point toward the club's total. Since the hams were drawing power from a mobile generator, the club was able to multiply its total by three. Clubs with the highest totals will be announced late this summer.

Camping at the site Saturday night were Henry and Bart Pol-lard, Kenneth Nichols, Ray Sunderland, Richard Lemke and James Lopas.

Members of the committee in charge were Richard Sonnen-berg, chairman, Sunderland, Nichols and Lempke.

Boy Wounded in Four Places by Small Revolver

Milwaukee — A 13-year-old boy was wounded in four places Sunday when a .22 caliber revolver was discharged accidentally.

Police said Michael Santos was reading as he reclined on a studio couch when the gun fired. The bullet entered his cheek, came out his neck, entered the left shoulder and came out the left armpit.

The slug then punched a hole in the wall before dropping to the floor.

The boy was reported in fair condition Sunday night.

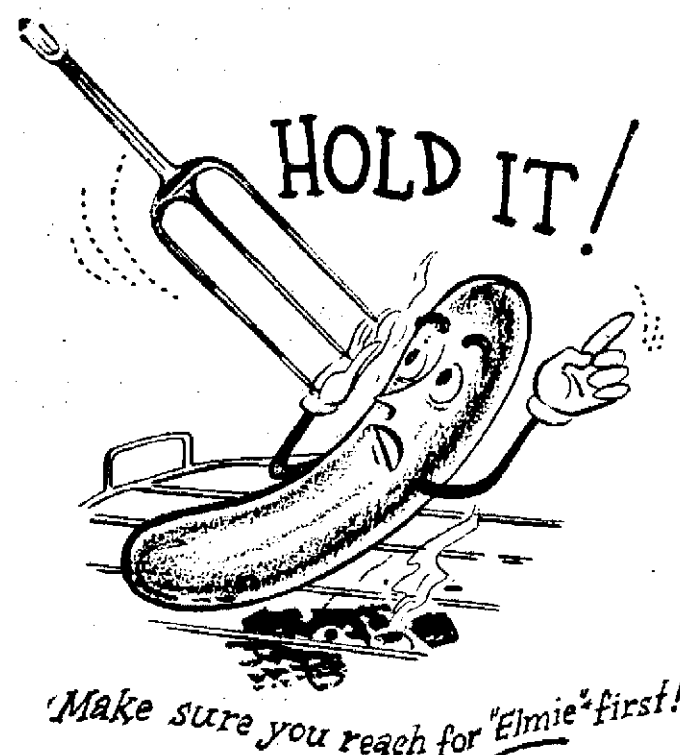

Police said the weapon was fired by another child who didn't know the gun was loaded. They said the child found the gun in the drawer of a bedroom dresser where Michael's mother, Mrs. John Santos, had hidden the weapon from the children.

Five Persons Injured in 2 County Crashes

Neenah Driver Pleads Guilty of Drunken Driving

Oshkosh — Five persons were injured in two automobile accidents in Winnebago county over the weekend.

Three were taken to Theda Clark hospital after a collision at the intersection of Highways 116 and 110 at Winnebago. At 12:10 Sunday morning, cars driven by Douglas W. Johnson, 19, route 1, Larsen, and Herman A. Reinke, 64, 720 Harrison street, Neenah, were involved. Both cars were wrecked.

Johnson, who was traveling north on Highway 110, received arm and leg bruises and a passenger, Gary Vohs, 14, route 1, Fremont, received left elbow bruises and a bump on his head.

Passenger Hurt Mary Wisnack, 720 Harrison street, Neenah, a passenger in the Reinke car, suffered lacerations of her face, chest injuries and arm and leg cuts. The injured persons were taken to the hospital in the Mueller ambulance. Reinke was traveling east on Highway 115. The drivers and witnesses gave conflicting versions of the crash.

Reinke pleaded guilty of drunken driving in municipal court this morning and innocent to a charge of failing to stop for an arterial. His driver's license was revoked and trial was set for Thursday.

Menasha — Construction of a \$110,000 garage will begin Tuesday for the Wisconsin Telephone company office here, C. M. Flaherty, manager of the Neenah-Menasha office, announced today.

Mayor R. G. DuCharme will turn over the first shovel of dirt with Flaherty and Peter Koteski, telephone company foreman, also taking a hand at the shovel.

The new garage will be located in a triangular area west of Milwaukee street and south of the railroad tracks. Charles Gambisky and Son company has the construction contract.

The garage will house 32 trucks and cars which now are housed in various places around the Twin Cities where the telephone company has rented space.

It also will have offices for the installation and repair supervisors and storage space for telephone equipment and cables. There also will be an employees meeting room.

Architect to Outline Needs for New \$200,000 Headquarters Unit July 9

Neenah — The committee on proposed Doty avenue - Walpublic works and police officers will review architect's suggestions for a new police station on July 9, it was learned today.

The architectural firm of Frank C. Shattuck and associates has been asked to outline what kind of a police station could be had for \$200,000. Shattuck has already presented some suggestions to the public works unit.

Next week's meeting will also include Police Chief Irving Stip, Capt. Clarence Toeppler, Capt. Henry Kohfeldt and Sgt. Lawrence Malouf, the department building committee.

Voters in April turned down a bond issue on a \$270,000 police station. In September they will decide for or against the meeting June 18.

Oshkosh to Modernize City Finance Unit

Council to Study Report of Milwaukee Accounting Firm

Post-Crescent Oshkosh Bureau

Oshkosh — Preparations for modernizing the city's finance department have gotten underway with council study of a report made by a Milwaukee accounting firm.

The study by Touche, Niven, Bailey and Smart cities three benefits to be gained by reorganization: Uniformity of procedure in similar transactions in all departments of the city and elimination of unnecessary and duplicate records and procedures; improvement in internal control through appropriate segregation of responsibilities; and availability on a timely basis of more informative financial information to management, citizens, and other governmental agencies.

H. S. Thorgrimsen, city manager, said that such a reorganization would centralize payments, which would aid individuals. Financial information would be more readily available to the public, thereby aiding in the planning of city projects.

The council hopes to be able to put the reorganization into effect next Jan. 1.

... THAT'S WHAT YOU'LL SAY WHEN YOU'VE TRIED WANSERSKI'S... DELICIOUS TENDER, JUICY STEAKS.

They're the ideal thing for that picnic or back yard bar-b-que. Just imagine the tantalizing aroma of either a T-BONE, CLUB, SIRLOIN or BAR-B-CUE STEAK simmering over hot charcoal — all you will be able to say when you bite into that first morsel is "WONDERFUL!"

Or, if your taste runs to the smoked meats, then you will want to try WANSERSKI'S HOME SMOKED HAMs and SAUSAGES. What makes these smoked meats different from all the rest? The difference comes from the individual care that is taken in the smoking process. It can be compared with an item that is hand-made and one that is produced on an assembly line.

For another Charcoal treat be sure and try WANSERSKI'S DELICIOUS BRATWURST — it's out of this world!

Then to make your picnic complete be sure and order some of our HOME MADE BEANS and POTATO SALAD.

German Calls Americans 'Most Sociable'

BY MARY JENSEN
Post-Crescent Staff Writer

Menasha — Many experiences in his 30 years, and visits to many countries have made Ulrich von Varnbuler of Bavaria, Germany, come to feel that Americans are the most sociable people he has ever met. This American friendliness, he feels, is genuinely sincere and, in a way, generally less reserved than that exhibited in many of the European countries.

A fair-skinned, dark haired German, Varnbuler, who lives with Gavin Young, Lake road, is currently doing a study of production progression at the Kimberly-Clark corporation where he is a mechanical engineer. His job acquaints him with various of the technics employed in the American paper industry. Not a newcomer to the industry though, he spent time working in a paper mill in Germany while living with his parents and 27 year-old sister, Freude. His father is engineer and vice president of a German pulp and paper company.

Varied Background
Varnbuler, whose mastery of the English language should put many natives of this country to shame, has had a varied background, marked by his entry into the German army when he was 17, and by opportunities to continue study in the field of engineering. Near the end of World War II, Varnbuler who was attending school in a level comparable to the American High school, was drafted with his classmates into the army. Until the conclusion of the war which was three months from his time of induction, he was stationed in Germany.

The war over, Varnbuler and his family moved to Rosenheim, Bavaria, where he attended school there for a year and a half. During his youth he also worked on a Stuttgart farm. Later he became a student of engineering at the Technical University of Stuttgart for five years, before going to Grenoble, France, for what he terms "pleasure studying." There he conquered the French language.

In August, 1955, Varnbuler accompanied his father on a business trip, coming to this country for the first time. During their stay in this country they visited Neenah, although the young man was unaware that he would someday live there. He and his father also visited Canada and South America.

Lives in London
London, England, was the next port of call for the well-traveled youth, where he was employed in an American paper machinery company. He lived there with a young architect and had time to become well acquainted with the English language before coming to New York city.

His 14 month stay in New York has certainly added to his impressions of the American culture and way of life. In the vast city where he had his own apartment, he worked with the West Virginia Pulp and Paper company as a design engineer. The city is, to him, "not pretty but fascinating." The terrific speed of living which characterizes many of the native born New Yorkers and too, all those that are caught up in the thrilling pace, is something that Varnbuler "became used too."

While he was employed in the fashionable Park avenue area, he noted that the business men and women are particularly well-dressed. He is pleased with the American style trends and likes button-down shirts which in Germany are not the vogue. He buys American suits but Italian shoes noted the world over for their fine quality.

If there can be the appearance of a typical German, Varnbuler feels that he does not wear it. "People expect me to be big and blond, and have a bratwurst in one hand."

Drama Enthusiast
Theater-goers all over the world find the appeal of the Broadway stage inviting, as did Varnbuler. He feels it is one of New York's most exciting aspects. He enjoyed too, the proximity of the Vermont mountains for he is an avid

Ulrich Varnbuler
(Post-Crescent Photo)

and accomplished skier. During the past winter, while living in Neenah, he spent almost every weekend seeking the slopes in Wisconsin and Michigan. He feels this activity affords one the opportunity to meet and know people while they enjoy the comradeship of the sport. Varnbuler's interests are many and diversified. His collection of records is composed entirely of classical or jazz compositions. His tastes rule out, "anything in between" the two musical mediums, often classified as greatly opposite. Bach is his favorite classical composer and the blasty strains of Dixieland and jazz are played to suit his mood. Spanish rhythms are among his favorites.

While he was in New York Varnbuler attended a class at Columbia university and at the City College of New York, which he found to be schools equal to the German education. The objective type of exam popular in this country was a novelty to him, having been accustomed to the essay variety. These courses he said were "very interesting" and beneficial.

Before taking his position at

Marcia Grimm and Donald E. Laflin Wed

Neenah — Donald E. Laflin, son of Mr. and Mrs. Alvin I. Laflin, 736 Harrison street, claimed Miss Marcia Ann Grimm, daughter of Mr. and Mrs. Norman A. Grimm, Evanston, Ill., as his bride in a Saturday evening ceremony at the Covenant Methodist church in Evanston.

The bride's brother, the Rev. Robert E. Grimm, and the Rev. Edwin Hunt officiated at the double ring ceremony and the bride was given in marriage by her father. A brother-in-law of the bride, Robert D. Peterson of Milwaukee, sang "Pans Angelicus."

Matron of honor for her sister was Mrs. Robert Peterson

Summer Session

Menasha — William D. Syring, 525 Milwaukee street, is attending both summer sessions of Wheaton college, Wheaton, Ill. He is taking courses in field geology at the Black Hills Science station in South Dakota

ferences between his land and his adopted one, he remarked that in Germany there are more classes, ranging from the pheasants to the aristocracy, while here we are often known to be divided into groups of lower, middle, and upper classes. His generation in Europe, he intervened, has had a traditionally more formal upbringing, especially English youths. Social activities in this country are "easier here," often spontaneous in the straight forward amiability, he admits. The slang usages of this tongue amuse him but do not shock him as German quips would do.

International Politics
Understandably, Varnbuler's political views are directed toward foreign politics. "I look beyond nationalism and hope for a United Nations of Europe, encompassing those countries west of the Iron Curtain, and abolishing the now meaningless country boundaries. He feels President Eisenhower has risen above the snarl of ambitions having reached the ultimate goal, and now his primary wish is to keep peace. Undecided as to his future in terms of where he will make his home definitely, he hopes to visit his parents in Germany in October whom he has not seen for two years.

WRC Hears Reports

Neenah — Reports of the department encampment were given by Mrs. Theodore Delrow at the Thursday evening meeting of the M. J. Lewis Women's Relief corps at the S. A. Cook armory. A candlelight memorial service was conducted by Mrs. Frieda Herrick, acting chaplain, accompanied by Mrs. Edith Seymour. Also taking part in the service were Mrs. George Johnson and Mrs. Maryie Hawkinson.

Mrs. Claude Cash, chairman of the ground observer corps, reported on the all-out alert held Wednesday. The new executive committee under the chairmanship of Mrs. Delrow assumed its duties. The state WRC picnic will be held July 26 at King.

On the refreshment committee for the July meeting will be Mrs. Emmet Baxter, chairman, Mrs. Anton Dare, Mrs. Marie McDaniel, and Mrs. Harold Nooyen.

Falcons Auxiliary Will Hold Picnic

Menasha — The Falcons auxiliary will hold a picnic beginning at 3 o'clock Tuesday afternoon with a covered dish supper at 6 o'clock at the Falcons hall. Games and cards will be played in the afternoon.

Mrs. Joseph Kolasinski is the chairman and will be assisted by Mrs. Richard Kolasinski,

Hotel Reception Follows Wedding

Allenville — Bouquets of white galdioli and pink roses decorated the altar of the Allenville Baptist church for the candlelight wedding ceremony of Miss Goldene G. Schmoker and James Michael Purcell, Stevens Point, at 7 o'clock Saturday evening. The English room of the Hotel Athearn, Oshkosh, was the setting for the reception, following the ceremony.

The Rev. Perry Britton read the marriage rites at the double ring ceremony for the daughter of Mr. and Mrs. Jacob W. Schmoker, route 5, Oshkosh, and the son of Mr. and Mrs. James F. Purcell, Fond du Lac. Miss Charlotte Loberg, Nelsonville, the soloist, sang "O Perfect Love." "O Promise Me," and "Because" accompanied by Mrs. K. L. Thompson, Neenah. Candle lighters were Bobby Schmoker and Reed Winkenwerder.

The bride, who was given in marriage by her father, chose Miss Elaine Eskritt, Stevens Point, as her maid of honor. Bridal attendants were Miss Karen Beebe, Stevens Point, and Miss Sandra Schmoker, Stevens Point.

John Purcell served as best man for his brother and the groomsmen was Walter Wentzel, Winneconne, cousin of the bride. Macs Register 11-9 Win Over Reedsville

Ken Konetzke Hits 2 Homers; The 2nd Sends Home Deciding Markers in the Ninth Inning

Reedsville — A two run homer by Ken Konetzke (his second of the game) in the top of the ninth inning provided the winning margin for the Menasha Macs in their 11-9 win over Reedsville Sunday afternoon.

The victory, coupled with K. Konetzke Little Chute - Kimberly's loss to Oshkosh, shoved the Menashans into first place.

The Macs outthrewed the hard hitting Reedsville crew 4-1. Darold Eggert and Manager Jaeger's second pitch over the "Butch" Konetzke also belted circuit clouts. Bill Ebert had Reedsville's four-base blast.

Drury Hurls Win
For the Macs, it was their first victory here in three years of trying. It was anyone's ball game until the last out was made and there was always a 5-1 cushion. The Macs got

the threat of the strong wind carrying a routine fly ball over the fence for a homer.

Mort Drury went all the way for the Macs and gave up eight hits. He walked seven, hit a batter and worked out big counts on numerous other hitters. Drury struck out eight.

As has been the case all year Reedsville gets its share of runs but its pitching was again hit hard. "Wimpy" Jaeger was the victim of the Macs' 15-hit onslaught. He walked one and only had one strikeout.

Homers on 2nd Pitch
The Macs got off to a good start as "Butch" Konetzke put 1. Darold Eggert and Manager Jaeger's second pitch over the "Butch" Konetzke also belted circuit clouts. Bill Ebert had Reedsville's four-base blast.

Drury Hurls Win
For the Macs, it was their first victory here in three years of trying. It was anyone's ball game until the last out was made and there was always a 5-1 cushion. The Macs got

two back in the fourth on "Bud" Koehnke's hit, a fielder's choice and Konetzke's first homer to left.

They went ahead 6-5 with three in the fifth on Eggert's homer which was aided over the centerfield fence by the wind, driving home Drury and "Cutch" Konetzke, who had singled and doubled respectively.

Losers Tie Score
Reedsville tied the score in the bottom of the inning on a walk, "Buck" Edinger's single and a steal of home by Don Edinger.

The Macs went ahead 7-6 with one in the sixth on Ken Konetzke's single. Jim Kersten's bunt hit and an error. Two Mac runners were cut down at third in the frame. The winners made it 9-6 with two in the seventh on Clem Massey's lead off single and three Reedsville errors.

Reedsville tied the score with three in the seventh on two singles, a walk and two Mac errors. Drury did some nice pitching in the eighth when, with the bases loaded and only one out, he forced "Buck" Edinger to pop to the infield and struck out Ebert.

Blasts 2nd Homer
Jack Konetzke singled in the ninth and Ken followed with his second homer, this one over the centerfield barrier. Reedsville threatened in the bottom of the frame as the leadoff man walked but with one out Massey made a fine grab of Zipperer's liner at short and threw to first for a double play to end the fracas.

Menasha Legion Gets Six Runs in Seventh; Tumbles Oshkosh 7-5

Defending Champs Gain 7-5 Victory Over St. Paul Nine

Menasha — Menasha's Junior Legion came from behind with six runs in the seventh inning and added an insurance marker in the eighth to defeat Oshkosh 7-5 here Saturday afternoon.

The victory was the fourth in six league starts for the Lenz-Gazek post while Oshkosh now has a 2-3 loop record. It was the first Menasha win over Oshkosh since 1951.

Big blow of the day was Dave Robinson's two-run homer in the big seventh. It was hit over the right field barrier, just inside the foul line and

six hits as he earned his second win and pitched his second complete game of the week. Jensen walked only one and struck out six.

Oshkosh's Gary Johnson was sailing along with a shutout until the seventh. However up to the seventh the Menashans had no less than one runner on base in every inning but the third. Johnson gave way to Jungwirth in the eighth after he was doubled. Johnson gave up 11 hits, walked three, hit one and struck out six. Jungwirth only pitched to one hitter.

Gets Unearned Run
Oshkosh scored an unearned run in the first on an error, a sacrifice, another error and a wild pitch which allowed the run to score. Singles by Dennis Jungwirth and Leon Lowther and Johnson's double along with an outfield error resulted in two Oshkosh runs in the second.

Bill Becker, batting for George Goetz, was safe on an error to open the seventh. Jensen grounded out but Bill Bauer kept the rally alive with a single, the third of his four hits. Bill Gammey singled home Becker and he went to second and Bauer scored on a wild pitch to the infield by the centerfielder.

Successive Doubles
Robinson then pecked his homer, scoring Gammey ahead of him. Tom Rempel was hit by a pitched ball and after Paul Meier struck out Don Kauffert doubled. An infield error on Jim Rueckl's ground ball permitted Rempel and Kauffert to score. Becker, batting for the second time, popped out to end the inning. Successive doubles by Bauer and Gammey in the eighth brought home the final tally. Oshkosh scored twice in the ninth on a walk, two errors and Dick Konrad's single.

Menasha committed five errors and Oshkosh had three. Bauer's four hits led Menasha. Gammey and Kauffert each made two.

St. Margaret Mary Cops Playoff Test

Dave Robinson Cracks Two-Run Homer in Big Frame; Jensen Goes All the Way to Cop Win

Neenah — Defending champion St. Margaret Mary captured the first round championship in the Neenah Church Softball league by edging St. Paul 7-5 in a playoff game Sunday night at the Recreation field. They had tied for first half honors with 6-1 records.

The winners came from a 3-0 deficit with two runs in the second inning and four in the third. Both teams scored once in the fourth and the losers closed with a run in the fifth.

Doug Cane went all the way for St. Margaret Mary and gave up seven hits. He walked

with three in the first when one out Don Gomoll trip led, and was singled home by Shepard, Schultz walked, Bill Sund singled Shepard home and Schultz scored on an error.

Tom Collins' single driving home Terry Kelly, who had walked, and Tom Wiesner, who doubled, cut the score to 3-2 in the last of the second.

Schultz Homers

The St. Margaret Mary third included singles by Wes Perfor, St. Margaret Mary and ket, John Dowling, Wiesner, and Al DeRoche and Collins' triple. Schultz homered over the left field fence in the fourth for a 6-4 score.

Cane's hit, an error, a wild pitch and a passed ball gave St. Margaret Mary its final run in the fourth.

Hits by Powers and Gomoll and a sacrifice fly brought home the last St. Paul run in the fifth. The losers were up and down in order in the sixth and Powers singled with one out in the seventh but was stranded on first.

Wiesner, Collins and Perket had two hits for the winners and Powers and Gomoll each had a pair for St. Paul.

Menasha Nine Triumphs Over Marinette, 9-7

24 Hits Spark Free Swinging Exhibition Test

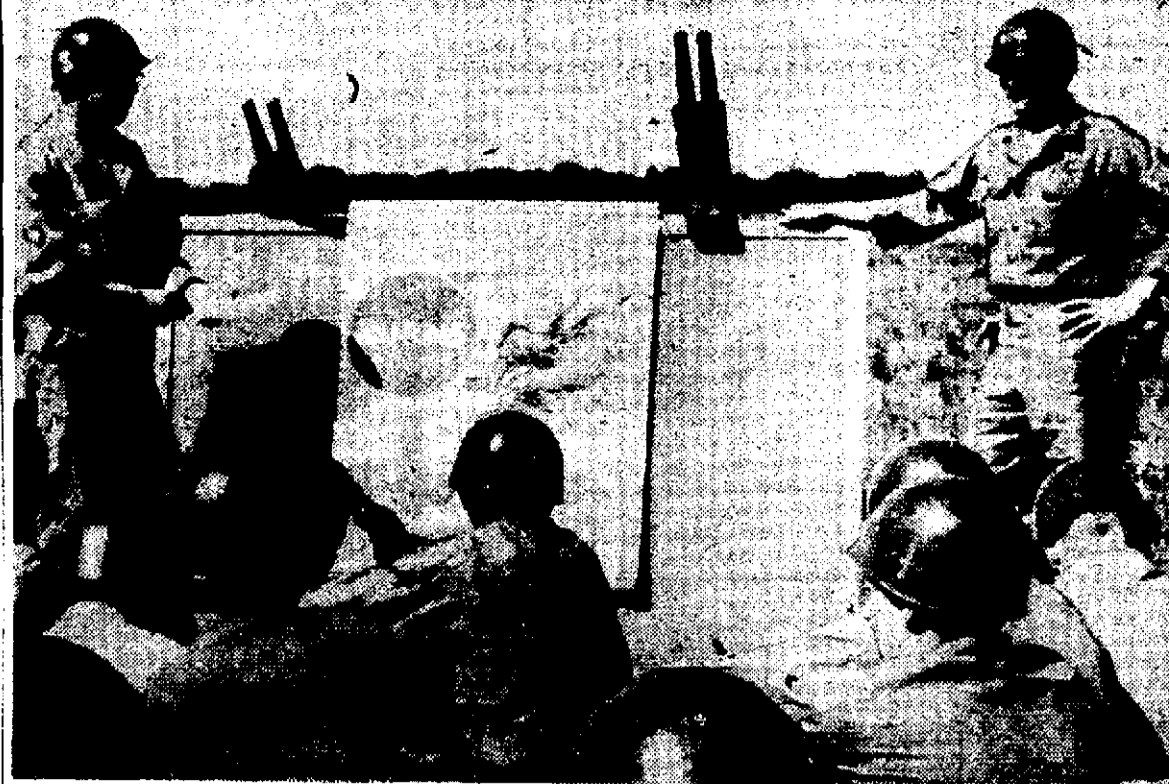

Menasha — The Menasha Macs grabbed a free swinging, high scoring exhibition victory against the Marinette recreation department nine Saturday evening at the Menasha ball park. Final score of the 24-hit skirmish was 9 to 7.

The Macs took a commanding 5-0 lead in the second inning and were practically home free thereafter. Jack Konetzke opened by doubling to left, and scored when Darold Eggert dropped a two bagger in almost the same place. Jim Kersten took first on an error, and Dick Frank homered over the right center field fence to clear the bases.

Bunda Relieves

After John DeYoung singled and scored on hits by Ken Konetzke and Clem Massey, Marinette lifted starting pitcher Charlie Heath and replaced him with Glen Bunda, who managed to put out the fire. The Macs bolstered their lead in the third frame when Eggert singled, Kersten walked and both moved up on an infield out. Eggert scored and Kersten moved up on a wild pitch, and Kersten scored when Jerry Koslowski, who had walked, was caught stealing second.

Marinette scored twice in the fourth frame when Jerry Payette and Tom Pfaffl advanced on Steve Lindstrum's infield single and scored on Heath's double. They added two more runs in the sixth when Payette walked and Pfaffl singled. Both

scored when catcher Don Gosz fielded Lindstrum's bunt and threw wildly to first base.

Macs Add Two

The Macs picked up two runs in the eighth, which proved the victory margin, when Jack Konetzke doubled and Eggert walked. Ron Gall was safe on a fielder's choice that nailed Konetzke, and Eggert and Gall moved up on a wild pitch. Both scored on Dick Cornell's single to center.

Marinette threatened in the ninth when, with one out, Bunda and Bob Koehn singled. Allan Joy walked and Wayne Felch struck out, but Bob Drier doubled to left to score Bunda and Koehn. Joy scored the third run when Payette was safe on an error. Pfaffl also out on base on an error, but Steve Lindstrum lifted one to

the first baseman to end the game. Jack Konetzke made a fine grab of the ball.

Gene Gries, Macs' starting pitcher, fanned four and walked four in the first five innings. Relief hurler Vic Stenson struck out five and walked two. Gries got the win.

High Court Upholds Ruling by Mueller in Oshkosh Divorce

Post-Crescent Oshkosh Bureau

Oshkosh — The state supreme court last week upheld County Judge Herbert J. Mueller in the awarding of a divorce to an Oshkosh woman, Frances Mentzel, on her counterclaim. The husband, Donald Dean Mentzel, an Oshkosh tannerkeeper and foundry worker appealed the judge's decision and the division of property to the state supreme court.

Objections to the county judge's ruling were that neither party was entitled to a divorce because both were guilty of misconduct and that the property settlement was too great in favor of the wife. She received about half of their property.

Both objections were overruled by the supreme court.

Wayne Haberman and Bill Sitter had two for the Wolves. Haberman was the loser.

Tom Mortell hurled a no-hitter and struck out 12 as his Bats defeated the Larks 8-0. He walked four. Mike Brantmeier had two hits, including a three-run homer for the winners.

Jim Walter homered in the final inning to give the Robins a 9-8 win over the Loons. Walter was the winning pitcher and Dudley Chafee, the loser. Ricky Zimmerman and Mike Jakubek each had two hits for the Robins.

The Wrens downed the Eagles 13-2 behind the four-hit pitching of Mike Staniak. He fanned six and walked three. Bill Farin was the loser. Gary Wisneski and Bill Coenen had two hits apiece for the winners.

Appoint Woman From Green Lake To Teaching Post

Post-Crescent Oshkosh Bureau

Oshkosh — The post of supervising teacher for Winnebago county has been accepted by Mrs. Esther Thrall who has been supervising teacher for Green Lake county for the last 23 years.

Mrs. Thrall will conclude her work in the Green Lake county superintendent's office within the next few weeks before assuming her position in Oshkosh in August. She will be one of two supervising teachers who will direct elementary school classroom work and work with parents and children on problems concerning grade school education. Her office will be located in the Winnebago County courthouse.

She is a graduate of Green Lake County Normal school and earned her bachelor of arts degree at Oshkosh State college and is currently working toward a master's degree. She has attended two summer sessions at the National Teacher's college, Evanston, Ill.

Marathon Loop Idle

Menasha — No games are scheduled in the Marathon Soft ball league at Jefferson park this week. All makeup games have been played. First round play will conclude with four games next week. Research and Development has already clinched the first round championship with a 7-0 record.

ney, was reelected vice president and general attorney, a position he has held since 1954.

R. Gordon Pope, secretary since 1950, also was reelected.

One of the most important items presented to a supreme assembly in many years was the complete revision of the society's by-laws. A streamlined version, which eliminated many of the out-moded and archaic sections, was presented and approved.

Also Reelected

Other reelections included Judge Louis E. Coash, Lansing, Mich., warden; S. N. Pickard, Neenah, John C. Voss, Oshkosh, Ernest J. Polzer, Wausau, M. J. Galvin, St. Paul, Minn., and Judge L. D. Verdier, Grand Rapids, Mich., to the board of trustees.

Attending the meeting from Neenah were Mr. and Mrs. John S. Tolversen, Mr. and Mrs. Leon H. Tolversen, Mr. and Mrs. Norton J. Williams, R. D. Molzow, Mr. and Mrs. R. Gordon Pope, Mr. and Mrs. M. J. Emerson, S. N. Pickard, Mr. and Mrs. Lorren A. Schroeder, J. A. McCullagh, Mr. and Mrs. Francis Olson and Mr. and Mrs. Richard Neabling.

Pickard attended as a member of the board of trustees, Emerson as a member of the state of the order committee.

Former Neenah Man Will Have Work Published

David Schanke, a Neenah High school and Lawrence college graduate who is music director of the Ripon schools, will have a composition published this fall.

The composition, "In a Miller Mood," is for concert band and features a solo woodwind group. It will be published by the Chappell Music Publishing company, New York.

Schanke received his bachelor of music degree from Lawrence and master of music degree from Northwestern university. He is a member of the American School Band Directors association.

Rubbish Collection

Menasha — Non-combustible rubbish, such as tin cans, glass and ashes will be collected in the fourth district Wednesday, H. O. Haugh, city health officer, said today. This rubbish is to be placed on the curb in the district which includes the area north of Seventh street. Combustible rubbish, such as paper, will be picked up on garbage collection days if placed on the curb.

Schroeder and Olson as elected delegates representing the southern Wisconsin district of the Equitable Reserve association.

Attending the meeting from Appleton were Mr. and Mrs. Peter Bast. Bast was a delegate representing the northern Wisconsin district.

Tour Europe With Ruark in Hand and You'll be Prepared

The tourist season is starting to flower in Europe and other strange and wonderful places, and more than a million Americans will take ships and planes to spend dollars in unfamiliar neighborhoods. We seem to be on the spot right now, internationally, due to the recent fresh surge of hate - America - but - grab - the - bucks - while - they - last reaction to the L. of the Free and H. of the Brave.

If the armed forces can put out a guide for troops stationed abroad, I don't see why I can't hand out a couple of timely tips, too, certainly I've had enough time in the outer boondocks to have learned a couple of things about not petting tigers until they're dead or expecting gratitude from the French for anything.

First, and this is important. Unfortunately as it may seem to a Keokuk cavalier, loose for the first time, Arabs still speak Arabic, Greeks still speak Greek, and Catalans don't like to speak Spanish, let alone English.

The British speak Yorkshire, Cumberland, Cockney, Scots, Liverpool - Irish, Devonshire, Somerset, Lancashire, and up-town Londonese. They are all untelligible to each other so don't expect to get very far with deep Georgia or pure Bronx. It's no good cutting-gypsy tummy anywhere you go, cuzing the natives for not anyhow especially when you speaking your language—quite often they don't speak to each other.

Do not expect to find hotdog stands in Saudi Arabia, or an ice-cream parlor on every corner in Madrid. Baseball is unlikely to be encountered in France, on a major league basis since the last cabinet probably deserted to Los Angeles.

Fine Anglash

The concierge, or hall porter the man who mails your letters and rings for reservations, is apt to speak a very fine brand of self-imagined English, no matter what his nationality, but ask him anything more complicated than where is the gent's' room and you will wind up in Abyssinia.

All taxi drivers, anywhere, will give you an argument, except in Spain. There the taxi drivers are generally just as lost as you are, and expect sympathy. Paris cab drivers just don't want to go where you're headed. They want to stop off and visit their friends while you wait. Roman hackers are all frustrated racing drivers and are sore because nobody asked them to enter the Viente Miglia.

In Rome, do not observe the sidewalk as a safety zone. It is secret hunting country for the more predatory chauffeurs, and the screams of mown-down pedestrians ring louder than the church bells.

You can drink the water anywhere. It is the same water town Londonese. They are all untelligible to each other so don't expect to get very far with deep Georgia or pure Bronx. It's no good cutting-gypsy tummy anywhere you go, cuzing the natives for not anyhow especially when you speaking your language—quite often they don't speak to each other.

Priebe to Run For Assembly

4-Way Race Assured As Veteran Alderman Seeks Nomination

Kenneth E. Priebe, veteran south side alderman, today announced he is seeking the Republican nomination as Outagamie county's First district assemblyman.

Priebe, 45, of 1206 S. Ritter street, is the fourth man to declare for the Republican nomination. Others are Harold Froehlich, Chris Mullen and Mark Cathin, Jr.

Priebe, now in his sixteenth year as an alderman, is an insurance broker. He is married, has a son in the marines and a daughter attending Appleton High school. He is an Appleton native.

Ken Priebe

During his 15 years on the council, Priebe served two years as chairman of the street and sanitation committee and was a member of most council committees. He currently is on the street and sanitation committee, the planning commission, the special south side swim pool committee and is chairman of the recreation commission.

Priebe said, "I am a candidate because I know my experience in public office will permit me to be a true representative of the public. I've always, in my 15 years of public service tried to be a true representative of the people of my ward and the city. I believe the people of my old ward and those for whom I am working now will agree that I have always done my best for them."

The First district is composed of Appleton, and the towns of Grand Chute and Center.

Woman Withdraws Opposition to S. Alton Closure

Mrs. Elizabeth M. West today withdrew her name from a petition opposing the proposed closing of S. Alton street from the E. College avenue approach to the College - to-Candee high level bridge.

Mrs. West, owner of property at 137 S. Alton, was one of seven protesters who filed a petition with the council on June 16.

The board of public works has made no decision on whether to make S. Alton a dead end street at the bridge approach.

A meeting between the board, state highway commission representatives and J. R. Whitman, one of the other six protesters, is scheduled Tuesday afternoon at city hall.

Invite Protesters Of Depot Move to Council Meeting

People who protested moving the Chicago and North Western company depot to Appleton Junction to chamber of commerce officials are being invited by the chamber to attend the city council meeting at 7:30 Wednesday night.

Chamber Sec. Kenneth Corbett said Chamber President Walter L. Rugland will appear before the council in support of the protest to the move.

Chamber leaders are on record opposing the depot. Their protest caused the public safety committee to ask the council to invite Ben W. Heintzman, North Western chairman to confer with the committee.

The committee's recommendation is scheduled for a vote by the council Wednesday night.

Rope Stolen

Officials of William Tiede & Son, route 2, Menasha, construction firm, told police Sunday that thieves took 500 feet of 1-inch rope worth about \$70 from the new Gibson company building at W. Lawrence and S. Superior streets.

To Your Good Health Get Husband With Hernia to Doctor, Molner Tells Woman

JOSEPH G. MOLNER, M. D.

"Dear Dr. Molner: My husband is in a line of business that requires heavy lifting. About five years ago he had a bad case of laryngitis and the severe cough caused a minor rupture at the groin."

Dr. Molner

"Two different doctors said it should be taken care of, for fear of strangulation. They said more heavy lifting will make it worse and he should do only light work."

"My husband went right ahead with his heavy work, and the rupture is only slightly worse. My question is: Do you think it is best to let it alone, or should it be taken care of for better health's sake and for fear of its getting worse?" He is 30 years old—Mrs. J. W.

P. S.: Does a rupture operation weaken the abdominal wall? And now three doctors have advised that it be taken care of.

I'm number three. So the hernia (or rupture) "is

only slightly worse." But it isn't "slightly better." There's only one way for a rupture to go—and that's the way a small rip in a sheet goes. Maybe, if you don't want to get your toe caught in it, the rip will grow "only slightly worse" for a long, long time. But someday you put your foot through it, right up to the knee, and then you use the sheet for cleaning rags.

At 30, your husband is a young, vigorous man. His tissues are supple and strong. He may get away with this gamble for quite a long time—but that's what he is doing, gambling with this hernia.

I fervently hope, however long he postpones having it repaired, that he does so only because the hernia is becoming worse, and not because it ever becomes strangulated. A strangulated hernia is as different from an ordinary hernia as burning the toast is different from setting the house afire.

"Strangulated"

When a hernia becomes "strangulated," it means that a loop of bowel or other organ has finally worked its way through the rupture, and then been gripped there by the edges of the rupture, so it can't

draw back where it belongs. It's as critical as an intestinal obstruction, and if possible even more so, since the "strangulated" organ is shut off from its blood supply and gangrene is quick to follow. If that happens, it's an emergency, and I also far more difficult to handle in the operating room, as you can readily imagine.

Perhaps your husband uses a hammer in his work. Ask him to start to come loose, he post-pones fixing it because "it is getting only slightly worse."

Does repairing a hernia weaken the abdominal wall?

Let me ask you: Does mending a small hole in a sheet weaken the sheet? There's your answer.

Heavy Drinking

"Dear Dr. Molner: Is pleurisy a killing disease? I mean as compared to a heart attack—Mrs. G. M. N."

No, but sometimes it hurts worse. Pleurisy is an irritation or inflammation of the lining of the lung and is rarely a disease heavy drinkers but I haven't found an answer to the question I'd like to know. My husband is very nervous and can't sleep unless he drinks nine to 12 bottles of beer every night. Doctors have given him vitamin shots and sleeping pills but they never seem to work.—Mrs. F. L."

Foxes Lose Brawl-Marred 2nd-Half Opener to Jays

Tano's Blast Wins Finale Of 1st Round

BY MIKE DREW
Post-Crescent Staff Writer

The Fox Cities Foxes ended home first half play in their initial Three-I league season just as they started it — with a crowd-pleasing victory.

Trailing, 5-0, after three innings and by 6-1 as late as the top of the sixth, the Foxes rallied to trim the Green Bay Bluejays, 9-6, Saturday evening.

Bob Tano's 2-out 3-run home run over the center field fence in the last of the eighth was the key blow as the Foxes snipped their losing streak at three straight defeats, (all to the Bluejays). The Fox Cities opened their home season with a 6-0 blanking of Cedar Rapids May 3.

The Foxes had their share of losses in the interim (they finished fifth in the 6-club league in the first round) but they left their fans laughing (and happy) after Saturday's wrap-up.

The second half began Sunday. Don Cameron, whose job on the Foxes' pitching staff has been in jeopardy, turned in what was easily his best performance of the season in relief, a 6-inning 1-hit job. Don evened his won-loss record at 2-2 as he allowed only a bases-empty home run by Terry Robertson in the fifth. He struck out four and walked three.

The loser was righthander Ed Strickel who gave up four runs during his one inning on the scene (the ninth).

The Foxes continued the solid extra base swatting they had begun Friday night at Green Bay. In addition to Tano's homer, Bob Van Dyke cracked a homer and a double and Jim Hall doubled (and singled).

Don Danton continued his recent hitting streak with three singles in three trips for 13 hits in 22 at-bats.

Green Bay opened with a run in the first on a walk to Frank Howard and singles by Shelly Brodsky and Terry Robertson. The Jays collected four more in the third off starter Ernie Stinson on Ozzie Walker's double, walks to Howard and Wade Arnold, a single by Brodsky and a 3-run triple by Bob Parker.

Robertson's homer was their only hit after Cameron took over at the start of the fourth.

The Foxes counted their initial run in the fourth when Hall and Carlos Pascual singled and Jim Nisewonger hit a sacrifice fly. They made the score 6-2 in the sixth on Van Dyke's

Green Bay Swats Five Home Runs

BY JOHN L. PAUSTIAN
Post-Crescent Sports Editor

The accent was on punch — both curricular and extra-curricular — Sunday night as the Fox Cities and Green Bay opened the second half of the Three-I league season at Goodland field.

In an unscheduled, 1-round, 34-player brawl, a number of punches (mostly harmless) were thrown as the clubs fought to a draw — one banishment apiece.

In the scheduled diamond activity, the teams boomed 30 hits (17 by Green Bay) of which seven went for home runs (five by Green Bay) and as the Bluejays pounded out a 13-6 decision.

Games Goes 2:42

Even the weatherman caught the spirit. He landed a few blows early in the game (sending patrons scurrying between their seats and shelter three times with brief showers) but saved his haymaker (hail and rainstorm) until just after Don Danton fled to center for the final out of the many-faceted, 2-hour, 42 minute contest.

Tonight, the two Wisconsin rivals will try to confine their energies to baseball as they meet at 8:15 in a "Ladies Night" and "Knothole club night" attraction. The Foxes' Dick Griffith will shoot for his tenth pitching victory of the season.

A 3-inning Little League game will start off proceedings at 6:30. Feminine fans will be admitted for a 25-cent service charge.

Ten of the Bluejays runs were the direct result of homers last night. Terry Robertson accounted for three runs with two "bye bye" blasts; towering Frank Howard upped his league-leading total to 20 with a full-house shot; Shelly Brodsky hit a 2-run homer; and Wade Arnold cleared the wall with none aboard.

Aaron Hits Grand Slam As Braves Jolt Dodgers

Milwaukee's 10-6
Victory Boosts
Lead to 2 1/2 Games

Milwaukee — Henry Aaron powered the world champion Milwaukee Braves to a 10-6 victory over the Los Angeles Dodgers Sunday by hitting his second grand slam home run of the season.

The Braves' victory boosted their lead in the National league to 2 1/2 games.

Aaron collected his homer in the sixth inning. It proved to be the margin of victory when Bob Rush weakened in the stretch.

Rush gave up four homers, two by Charlie Neal and one each to Dick Gray and Carl Furillo. Gene Conley had to take over for Rush in the ninth inning.

Rush received credit for the victory, his sixth of the season, to equal his total of last year with the Chicago Cubs.

The Braves took an early lead when Aaron singled home Red Schoendienst in the first inning. Milwaukee scored four runs in the third inning on two singles, three walks and a force out.

After Neal hit his first home run in the fifth inning, Aaron made the score read 9-1 with his grand slam, the third of his career in the majors.

Del Crandall's seventh inning home run ended the Milwaukee scoring.

Rush, meanwhile, threw

WEDNESDAY'S GAME:
Kaukauna at Menasha.

Oshkosh — In a major upset here Sunday, Oshkosh stopped Little Chute-Kimberly, 7-1, and knocked the former leaders out of first place in the Fox River Valley baseball league. It was LC-K's second straight loss.

LC-K pitcher Bob Schmidt held Oshkosh scoreless until the third inning, when the winners erupted for six runs in the only breakthrough in an otherwise tight ball game. Paul Moylan was hit by a pitched ball to open the inning. After "Swede" Erickson was safe on an error, Jim Fuhs singled in Moylan. George Mohr was walked intentionally, and Steve Radtke singled, scoring Erickson. On the throw to the plate to get Fuhs, the ball got loose, letting Fuhs and Mohr score and Radtke go to third. Larry Gauger homered to complete the damage.

Loaded Bases

The losers loaded the bases in the fourth on singles by Gene Peerenboom, Tom Vander Pas, and Jim Kilsdonk, but Oshkosh pitcher Bob Manthey struck out Hank Peerenboom and Tyler to end the inning. Schmidt was relieved by Al Harke in the fourth, after giving up six runs, six hits, striking out one, and walking one in three innings.

Little Chute-Kimberly's lone run came in the seventh inning on a home run by Al Harke with the bases empty.

Winning pitcher Manthey allowed 10 hits but scattered

Two Rivers Tops Harrison Nine, 3-1

Two Rivers — Two Rivers collected just two hits off Harrison's Norm McIntyre but posted a 3-1 Fox River Valley Amateur league victory Sunday.

Two Rivers' first triumph of the season was clicked off in 1 hour, 23 minutes for the 9-inning game. The Cool City club scored two runs in the first on no hits and a pair of Harrison errors and one in the eighth on Dick Markusen's triple.

Ron Braut, the winner, allowed four hits, fanned 10 and walked none. McIntyre struck out four and walked one.

Three homers, two by left fielder Bob Scherer and one by pitcher John Strzyzewski helped Manitowoc dump Appleton, Valley Fair, 9-2, in a Fox River Valley baseball league tilt here Sunday at the South Side Athletic club diamond.

Manitowoc scored its three necessary runs in the first inning, when Paddy McGinnis singled, Dick Leneau sacrificed him to second, and Strzyzewski scored him with a single. Scherer then hit the first of his two circuit clouts, scoring two runs.

Score in 1st

Valley Fair's only two runs came in the first inning. Jim McGinnis singled and scored on

"Butch" Fahrenkrug's double. Fahrenkrug in turn scored on Ron Fairchild's single.

Strzyzewski went all the way for Manly to earn the decision. He struck out 10 while walking only two, pitching a 6-hitter.

Don Bodway relieved starter and losing pitcher Glenn Kielgas in the fifth inning. Bodway hurled hitless and scoreless ball the rest of the game striking out six and walking one. Kielgas walked seven and struck out two.

Sheboygan's Kjelson Shoots Perfect Score

Appleton's Strobl
Wins Medal in
Rifle Tournament

Martin Kjelson of Sheboygan shot the only perfect score (100) as the Appleton Rifle and Pistol club held its annual High-Power Rifle tournament Saturday and Sunday at the club's range.

Kjelson, the winner in the match three any rifle, any sight — group, shot 14 V's (center ring shots used for tie-breaking purposes).

James Strobl of Appleton was the only local winner. Strobl won a medal in the unclassified division of the match two — Any rifle iron sight — group, with a score of 94 with eight V's.

Other overall group winners, and runners-up included the following: Match one, NRA match rifle, John Olson, Milwaukee, 99 with 15 V's, and George Bjornstad, Chicago, 98 with 12; match two, Donald Standish, Madison, 98 with 12, and Earl Biesecker, Milwaukee, 98 with 8; Match three, Kjelson and Standish, 99 with 14; and match four the aggregate of matches one and two — Bjornstad, 195 with 21, and Standish, 194 with 19.

Stiff winds of 20-30 miles per hour bothered about 34 competitors throughout most of the meet.

Rodgers Wins Collegiate Golf Crown

Williamstown, Mass. — (U) — Chunky Phil Rodgers, newly-crowned collegiate golf champion as a sophomore, is setting his sights on the National Amateur.

The University of Houston phenom from La Jolla, Calif., demonstrated skill beyond 20 years Sunday as he defeated Purdue's 18-year-old sophomore John Konsek, 8 and 7, for the NCAA title.

Rodgers, who got to the quarterfinals of the National Amateur a year ago before former Houston teammate Rex Baxter eliminated him on the twenty-first hole, chipped and pulled with mechanical accuracy against Konsek.

"I didn't make too many good shots," Rodgers insisted.

The mixup came when Van and his engineer, Phil Abel of Appleton, arrived at Goodland field, where the game was originally scheduled and set up their equipment. When they learned of their mistake it was too late to move, so Jim Fischer, the Manitowoc club's business manager, called Goodland field from the SSAC every half hour with a resume of the game's action up to that point.

Van in turn broadcast the report, making it sound as though he was watching a game which was being played more than a mile away.

Freedom Outslugs Klubbers, 16-13, Before 700 Fans at 'Nytes Day'

BY ED VAN BERKEL
Post-Crescent Staff Writer

Kaukauna — More than 700 fans filled the Kaukauna baseball stands Sunday afternoon to pay tribute to Tom Nytes, former Klubber athlete. But many were disappointed with the score as Freedom pounded out a 16 to 13 win in a free-scoring Fox Valley League game.

Klubber and Freedom fans joined in paying tribute to Nytes who lost his leg in an auto accident on Easter Sunday. A check for \$437 was presented to Nytes at the mid-point of the game.

Paying tribute to Nytes with short talks were Mayor Joseph Bayorgeon, Kaukauna; Ray Dieckrich, Freedom business manager, and Jack Hilgenberg, president of the Kaukauna Athletic club.

Free Scoring Tilt
Freedom opened scoring in the first with a 3-run outburst on a walk, a double by Bob Maulick and a homer by Jim Vande Weterling. Kaukauna picked up a run on three hits in the bottom of the inning to close the gap but the winners came right back with three runs in the top of the second on four hits.

The losers added two runs in the second on a walk, two singles, an error and a fielder's choice. Bob Maulick powdered a homer for Freedom in the fourth inning to give the Irish a 7 to 3 lead but Kaukauna fought back to tie the count in the bottom of the inning.

Two runs scored on a double by Don Frank. Singles by Dick Mulry and Dick Busse coupled with a wild pitch and an error scored two more.

A homer by Don Vande Weterling gave the winners the edge in the top of the fifth but the losers fought back with a 5-run outburst in the bottom of the inning. Tom Hilgenberg started the proceedings with a lead off homer which was followed by a single, three errors, off the combined efforts of Hopfensperger and Joe De Bruin while Kaukauna had 13 hits off Mike Vanden Heuvel and Ron Newhouse. DeBruin was charged with the loss while Newhouse took the win. Jim Vande Weterling had four hits in five trips to lead the winners.

The Irish pounded out 19 hits

Green Bay's Legion Team Tips Kaukauna

Green Bay — Green Bay walked off Kaukauna, 12-4, in a Fox Valley Legion baseball contest Saturday.

Kaukauna scored once in the second and three times in the fourth. In the second, Jerry De Bruin doubled, advanced to third on a fielder's choice, and scored on a ground out. In the fourth, successive Green Bay

was playing steadily and rolling the puts up close.

The match ended on the twenty-ninth hole when Rodgers nudged a 33-foot putt up to within three inches of the cup and Konsek missed a 2-footer which would have given him a half.

Palmer Wins LI Golf Open

Pro Circuit's Top Money Winner Has 273 Total

Associated Press Sports Writer East Norwalk, N. Y. — It's getting to be old stuff for Arnold Palmer, this collecting top money in golf tournaments.

The \$50,000 Long Island Open which he won Sunday was his third victory of the year, and the eleventh since he turned pro in 1955. Although he isn't sneering at the \$9,000 he picked up, it still isn't the biggest check he has collected.

That was for \$11,200 earned at a Masters this year by the young man from Latrobe, Pa., who is top money winner of the pro circuit with \$37,564.

Don Fairfield got \$3,000 for his third place finish. Jay Hebert \$4,000 for finishing second, and Al Mengert \$1,675 for tying for seventh.

They were the largest checks the three ever earned in a tournament. Palmer finished with 273. five strokes ahead of Hebert. Fairfield had 278.

Mrs. DuPont Says Althea Now Has Clear Shot at Title

Wimbledon, England — Althea Gibson will retain her singles crown at the Wimbledon Tennis tourney this week, says former champion Margaret DuPont.

"You have got to give the defending champion the edge," said Mrs. DuPont today. "I cannot see anyone beating her."

"I had Christine Truman of...

England rated as likely runner-up until she lost to Mimi Arnold. I was surprised that Christine lost. Mimi is a great little fighter but I do not think she is a serious contender for the title."

Mrs. DuPont won the women's title in 1947.

Christine was upset, 10-8, 6-3, Saturday by little Miss Arnold, 19 years of tennis power and punch from Redwood City, Calif. The result was a knock-out blow to British fans.

Only fifth-seeded Luis Ayala of Chile has been removed from the list of the top eight men. Nervousness beat Ayala almost as much as the brilliant tennis of Italy's Nicola Pietrangeli.

Top men's match today is the one between U. S. ace Barry Mackay of Dayton, Ohio, and Ramanathan Krishnan of India.

Leading Money Winners Palmer and Casper Enter Milwaukee Open

Milwaukee — Arnold Palmer and Billy Casper, Jr., leading money winners on the Professional Golf association circuit, are among the first entrants for the \$35,000 Milwaukee Open Golf tournament.

Palmer, the 1958 Masters champion, has won \$26,260 so far this season. Casper, the No. 2 money winner, has pocketed \$24,023.

They filed their entries Saturday for the big tournament at Tripoli Country club Aug. 7-10.

Also filed Saturday were entries by Mike Souchak and Johnny Revolta, a former pro at Tripoli who started his pro career at the Oshkosh municipal course.

Hollywood, Calif. — Enrique Hank Aceves, 1281, Los Angeles, outpointed Ernesto Fgueroa, 1281, Mexico, 10, 6.

Industrials in Upward Trend

Mixed Tendency In Early Trade; Rails are Lower

New York —(AP)—Industrials made moderate gains and some selected issues were higher in an uneven stock market early this afternoon.
Advances of fractions to around a point were the rule. Rails were irregularly lower. The market was mixed at the start but selected issues among lower-priced, specially situated stocks resumed their gains of last week.
American Motors went to the fore on an opening block of 20,000 shares and kept a 1-point gain in brisk dealings.
Steels picked up some strength as the session wore on. Aircrafts and electronics also did well.
Increased awarding of defense contracts and news that construction awards in May were the highest for any month in history helped boost market sentiment.
Long-term U. S. government bonds leaned toward the downside.

Car Smashes Into Tree; Man Denies Driving
A car ran into a tree in front of 1530 S. Alicia drive shortly after midnight this morning and a man police found in the car denied he drove it.
Police said Harold S. Hedberg, 40, 749 Carver lane, Menasha, staggered from the driver's side of the car and tried to flee the scene. When police caught him, Hedberg said another man was driving. He admitted owning the car. The missing man has not been identified.
Hedberg was held in jail on a charge of drunkenness.

2,700 Idled at Chrysler Plants By New Dispute

Detroit —(AP)—Plymouth body and assembly plants of Chrysler Corp. in Detroit were closed today shortly after the start of the day shift, idling 2,700 workers in a recurrence of a dispute which shut the plants last Friday.

The company said some trim department workers in the Mack avenue body plant again refused to do work assigned them. About 1,500 other employees were sent home.

A body shortage resulted at the assembly plant, making it necessary to lay off 1,200 employees there, the company said.

Union officials had no immediate comment, although last week they accused the company of a speedup.

The dispute started Friday. Chrysler charged two supervisors were manhandled while meeting out disciplinary layoffs to seven workers for failure to meet production standards. Day and night shifts were idled Friday.

Meanwhile United Auto Workers bargaining teams, supported by a 14-to-1 membership vote to strike if necessary, resumed new contract talks with the big three.

Skids Into County Squad Car As Patrolman Writes Ticket

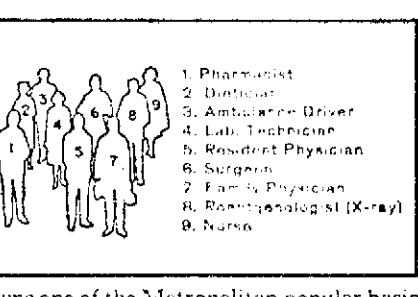

New London — Three young men were injured about 1:15 Sunday morning when the car they were in crashed into a 30-mile-an-hour chase from Waupaca county squad car on Highway 54 about one mile west of the Highway 45 intersection. County Patrolman Lyle McCully also was hurt in the crash.
McCully reported he had just stopped Rudolph Hidde, Jr., 27, route 1, New London, after a 30-mile-an-hour chase from Royalton. Both the squad car and the Hidde car were parked on the south shoulder of the highway facing east.
The Millard car swerved out sheriff's office notified when he of control around the big curve found that his radio was on the highway and slid side-broken. The sheriff's office ways into the rear of the squad dined the city police, who, in car, McCully said the car turn, called a New London ambulance 365 feet before hitting balance and assisted with the the squad car and pushing it traffic at the accident scene. into the Hidde car. It pushed Sheriff Floyd Taylor also both the squad car and the came to the scene to investigate Hidde car about 60 feet along the accident.

Struck By Car
McCully was standing beside the Hidde car when the Millard car came swerving around the curve and skidding into the squad car. McCully jumped in front of the Hidde car and was knocked over by the Hidde car after the accident.
The county policeman suffered a bruised left leg when he was struck by the car. The squad car was extensive-ly damaged and McCully stopped another car to have the highway facing east.
The Millard car swerved out sheriff's office notified when he of control around the big curve found that his radio was on the highway and slid side-broken. The sheriff's office ways into the rear of the squad dined the city police, who, in car, McCully said the car turn, called a New London ambulance 365 feet before hitting balance and assisted with the the squad car and pushing it traffic at the accident scene. into the Hidde car. It pushed Sheriff Floyd Taylor also both the squad car and the came to the scene to investigate Hidde car about 60 feet along the accident.

Can you afford their services?

When you or your wife, or one of your youngsters is ill, you want the best care possible regardless of expense. These days, sickness or accident might readily require the services of one or even all of the people shown above . . . and the cost of their services can add up.

The wise way to protect against the financial hardships of sickness and accident is through properly selected insurance policies designed to meet today's needs.
That is why Metropolitan is introducing two new policies which aim to help meet the heavy costs of major illnesses or accidents and apply to many items of expense not ordinarily covered.
The first of these new policies is intended for the individual or family who already

owns one of the Metropolitan popular basic coverages for hospital and surgical expense. It provides a larger maximum amount payable in case of major illness or accident, where costs may sometimes run into thousands of dollars.
It also provides the additional advantage of payments toward medical expenses

incurred at home, including nurses' and doctors' visits.
The second new policy is designed for the individual or family not yet covered by one of the Metropolitan popular basic medical expense plans.
Like the first new policy, it is designed to help you obtain for your family the necessary medical care in those circumstances which are apt to impose a serious financial burden. It, too, provides payment towards "at home" medical expenses. The benefits provided by both these new Metropolitan plans are at least within the average budget.
There is an insurance expert near you—your Metropolitan Representative. Call him today. He will be glad to tell you in detail all the features of these two policies.

Boy, 13, Drowns in Pool; Brother Saved

area and was lying in the shallow water section.

Richard Schultz, 13, 308 E. Glendale avenue, told Kemps that he heard that a boy had drowned, dove down and saw George's body lying on the bottom of the pool. He called to John Dittmer, 18, 2319 N. Union street, a lifeguard stationed on the tower about 28 feet from the deep water entrance.

Dittmer dove in and pulled the younger Reinke out. The boy's body was lying at the end of the slope to deep water at the 9-foot, 6-inch depth.

Lewis H. Precourt, pool director, estimated that 550 to 600 swimmers were in the pool and around it at the time. There were seven lifeguards on duty—two on the tower in the center

of the pool and five around the edges of the shallow section. The lifeguards were Dittmer, Reetz, Susan Briese, Tim Manning, Sandra Lemke, Judy Paul and Franklin Jesse—all certified by the Red Cross.

Jerome told Kemps that he and his brother could not swim and it was the first time in the pool this year for both.

Boy's Statement

"I was closest to the fence," Jerome said, "and when we were at the gate, we put our hands on the fence and our feet in the deep part for a few minutes. I lost my grip on the fence and slipped in. The floor was slippery. My brother (George) tried to help me and he slipped in, too. The water came up to my chin (Jerome is 5 feet, 3 inches tall). We were trying to get into the shallow part when a big kid came by.

"I tried to hang onto him and he pushed me away. George had his arm wrapped around mine, we held onto each other and I had hold of the kid's arm. He jerked it away from me and I couldn't reach him any more.

"I hollered for help a few times. That's the last I remember until I came to in the bath house," the boy concluded.

Sunday, Kemps and a policeman tried swimming in the section where the boys drowned in an attempt to duplicate the conditions of the accident. Kemps said the bottom was slightly slippery and white paint made the bottom clearly visible from the tower lifeguard's post when the water was calm.

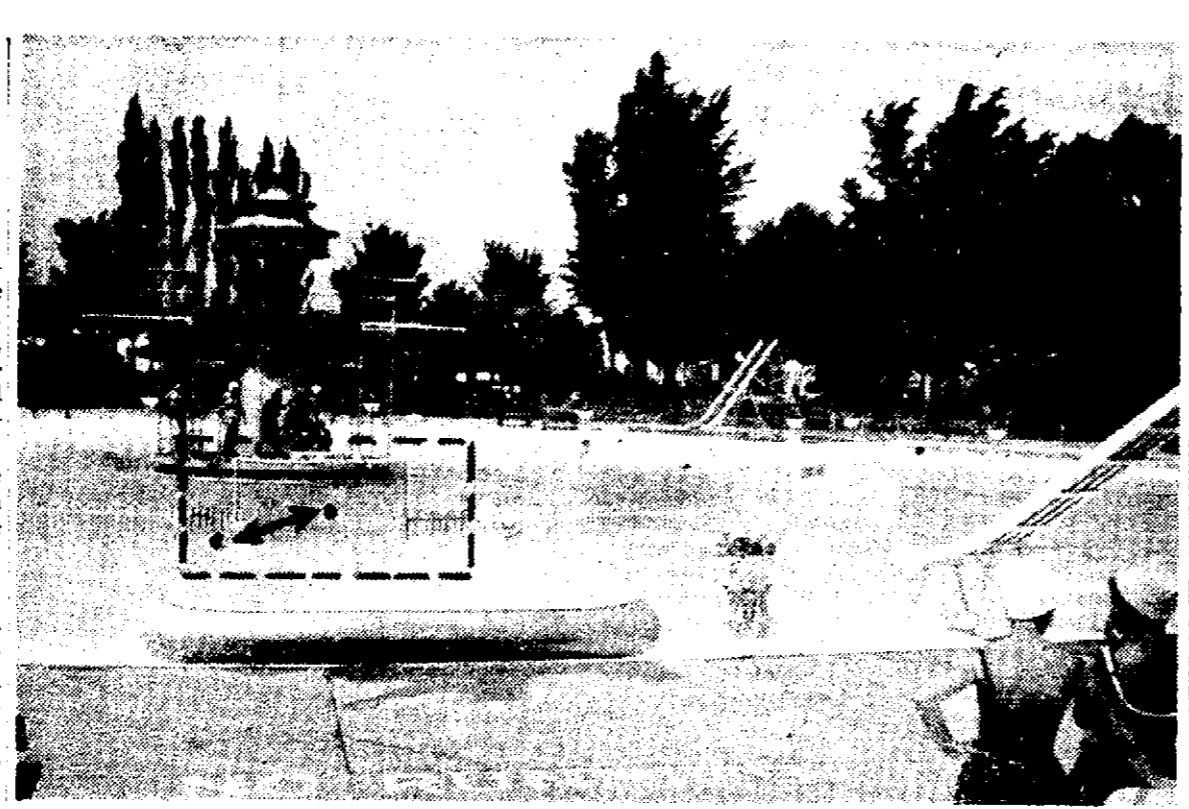

However, when the pool was choppy from swimmers, the bottom at the 9-foot, 6-inch level could be only vaguely seen, he added. A lifeguard lying on the bottom could be seen only if someone on the tower knew where to look, Kemps said.

Need Gate Guard

Kemps said he will make a recommendation to the city council's welfare and ordinance committee, which has jurisdiction over the pool, that a lifeguard be stationed at the entrance to deep water to question children whether they can swim. Kemps said there is a tendency for children to cluster around the entrance to deep water and the guard cannot tell if any given child is a swimmer or non-swimmer.

The entrance to deep water is opposite the main entrance to the pool and two slides lead into the general area. Traffic in the area is heavy and the water is normally quite choppy, the coroner added.

Kemps has not determined if

The Area Outlined by the Dotted line on this photograph shows the general area in which George E. Reinke, Jr., 13, drowned Saturday afternoon and his brother, Jerome, 14, narrowly escaped the same fate. The two boys in this picture show the approximate location of the two brothers. The boy at left, near the edge of the gate leading to deep water, is about where Jerome was found and pulled from the water by a lifeguard. The other boy, about in the center of the gate and in the deep water section, is about over the spot where George's body was found by a lifeguard from the tower, top center of picture. The boys are the sons of Mr. and Mrs. George Reinke, Sr., 1219 S. Kernan avenue. The drowning was the second since the pool was opened in 1941. (Post-Crescent Photo)

an inquest will be held. If one is scheduled he will impanel a blue ribbon jury of safety experts, Kemps said.

The drowning is the second for the city's only pool. The first was a 14-year-old Appleton boy whose body was found in the pool after it closed the day after the pool was dedicated July 26, 1941. The coroner at that time ruled the youth's death due to shock while swimming. The boy's body was found after his brother noticed he did not come out after the pool closed at night.

Funeral Tuesday
The Reinke boy was born June 26, 1945, in Appleton and lived here all his life. He had finished seventh grade at Sacred Heart school.

Funeral services will be at 9 o'clock Tuesday morning at Sacred Heart Catholic church, with burial in St. Joseph cemetery. Friends may call at Brett-schneider Funeral home from this afternoon until the services. The rosary will be recited at 7:30 tonight at the funeral home.

Survivors include his parents; three brothers, Jerome, James and Robert, all at home; and five sisters, Jean and Carl at home, Mrs. Herman Schultz and Mrs. Melvin Schmidt, Appleton, and Mrs. John Schmidt, Jr., Menasha.

5 Others Drown In Wisconsin Over Weekend

By the Associated Press

A triple drowning in Chippewa county Sunday and drowning of two teen-age boys, in addition to the Appleton fatality, raised the state weekend water toll to six. S. A. Olson, 51, Audrey Brown, 42, and Alice Oien, 51, all of Eau Claire, drowned in the Pine Harbor area of Lake Wissota on the outskirts of Chippewa Falls Sunday.

The body of Russell L. Dostator, 14, Milwaukee, was recovered Sunday in Lake Florence near Okauchee. Companions summoned authorities after the boy drowned Saturday while swimming alone. He was the adopted son of Mr. and Mrs. Edward Bachand.

Robert Petrasch, 17, Green Bay, drowned Saturday while swimming in a quarry about four miles northwest of Green Bay.

tion, but her joy was short-lived. A few days later the license was missing from her bike.

The license meant so much to the girl that she took it upon herself to keep an eye out for it.

Her patience was rewarded as she spotted her license on another bicycle at the athletic field. She informed police and they promptly returned her plate and gave a lecture to the boy who had it on his bike.

Signs of Upturn in Many Parts Of Nation, AP Survey Reveals

BY WALTER BREEDE, JR.

New York — W. J. Dannenberg, director of the Dodge City office of the Kansas State Employment Service, has a problem: Too many jobs to fill.

Dannenberg's dilemma is by no means typical of the nationwide employment situation. In many of the great industrial centers, unemployment totals are at or near their post-World War II highs.

But the Dodge City labor shortage does point up the fact that the U.S. economy, midway through recession 1958, has pockets of prosperity that contribute mightily toward keeping business on an even keel.

These pockets of prosperity probably explain why America is taking the recession in stride.

To find out the mood of the nation at midyear, Associated Press reporters talked to hun-

views of many U.S. businessmen when he said:

"We are not sliding off any further. Things are holding their own."

Here, broadly, is what the survey found:

Bankers and economists tend to share Erickson's view that the business downturn is running out of gas. Many say it's touching bottom. Few see signs of a real upturn now.

Many consumers are holding back. They have been scared by recession talk. Others say they're broke — that they spend every penny they get for food, housing, medical care and other basics of daily living.

Auto Dealers Hit

Auto dealers are among the hardest hit of all major business groups.

Farmers are sitting pretty. Some have jobs for unemployed city folk.

Ask Dean R. Williams, controller of the big Zone Cooperative department store in Salt Lake City, how the economy is going and he'll tell you: "I rather feel the recession has bottomed out."

In Chicago, Earl Kribben, vice president of Marshall Field & Co., says: "Business has declined somewhat but State street (hub of Chicago's retail and commercial district) is not at all discouraged."

When will the economy pick up again? Opinions vary.

Ben Schiffman, financial editor of the Kansas City Star, says: "Businessmen are feeling better. Retailers think the third quarter will be better than the first and second and the fourth will be best of all."

Miner Baker, economist for the first National Bank of Seattle, declares: "Businessmen expect the rest of the year to be bad. But they're not at all panicked by it."

Still at High Level

Some of these views tie in closely with the latest government statistics on the nation's economic trend.

Mid-1958 finds gross national product, the government's measure of total business activity, ticking along at an annual pace

of about \$421 billion. In the January - February - March quarter the rate was \$422 billion a year. The average for all of 1957 was \$434 billion.

Unemployment, just below five million in May, is probably higher now because there are more job-hunting students in the labor market.

The federal reserve board's index of industrial production, which measures output of the nation's factories and mines, stands at about 127 per cent of the 1947-49 average. Last month it stopped going downhill for the first time since August, 1957.

Personal income of Americans moved up last month to a yearly rate of \$344 and one-third billion — and it was still climbing in June. Pay increases have gone out, or will soon be on the way, to hundreds of thousands of government workers.

Hold on to Cash

Even so, many consumers are hanging on to their cash. Savings deposits are on the increase almost everywhere you look.

"The principal reason," says President Ralph N. Larson of the Morris Plan Co. of California, "seems to be uncertainty over the future."

Mrs. Jean Tentz, who works as a private secretary in Chicago, agrees. "I think," she says, "that the average person is confused and uncertain."

Consumer thrift is a sore point with businessmen all over the country. A Cheyenne, Wyo., barber bemoans the fact that penny pinching customers are letting their hair grow longer. And a restaurant proprietor in St. Cloud, Minn., complains: "We didn't even have a Mother's day."

New Car Sales Down

What's wrong with the auto business?

Go almost anywhere and you'll find new car sales down from last year. Down sharply in recession-ridden industrial centers like Cleveland, Pittsburgh and Detroit. Down moderately — but still down in lush farm states like Iowa where other lines of business are booming.

Edward Hayward, executive manager of the Greater St. Louis Automotive association, says: "We've given up on 1958 being a year of profit. Right now the automobile business is dead."

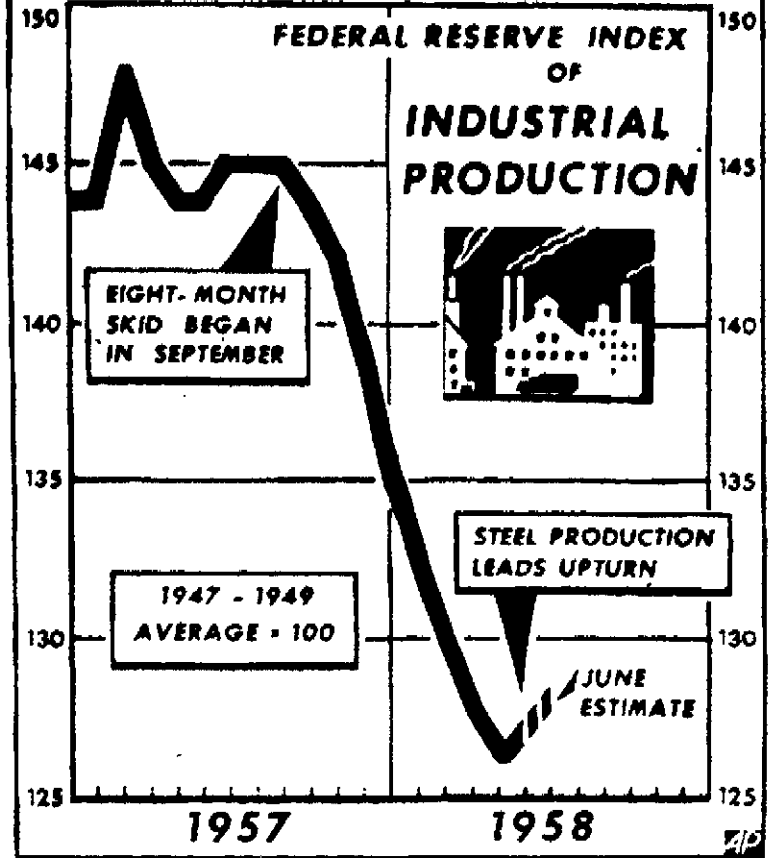

Explanations are many and varied. Carl Flora of Milwaukee's First Wisconsin National bank says people are making the old car do and putting their extra spending dollars into trailers, boats and outboards.

Oran Hankins, Sacramento roofer, says the new cars "cost too much."

Import Workers

And a wealthy Denver retail executive — impressed by reports of sagging auto sales — gives this reason for not buying: "People would say I was crazy if I bought a new car now."

In Utah, Secretary of Agri-

What's the state of the economy at midyear? There are signs that the recession has slowed up, perhaps bottomed out. There are still plenty of strong spots — and plenty of evidence that the American people are taking the recession in stride.

In the following article the Associated Press gives the results of a nationwide survey showing the pulse of the nation's economy at mid-1958.

dreets of people — salesmen, stenographers, store executives, housewives, bankers, bartenders, economists and bus drivers — in a survey that ranged from coast to coast.

Many Complaints

The reporter found some anxiety. They heard plenty of complaints. They encountered a good deal of dissatisfaction with the way the general trend of business is going. But — and this is what many businessmen consider significant — evidence of panic was just about nil.

Roy K. Erickson of J. L. Hudson & Co., Detroit's biggest department store, echoed the

views of many U.S. businessmen when he said:

"We are not sliding off any further. Things are holding their own."

Here, broadly, is what the survey found:

Bankers and economists tend to share Erickson's view that the business downturn is running out of gas. Many say it's touching bottom. Few see signs of a real upturn now.
